Statement of Interest for RSSAC Caucus

Name: Joey Salazar

Affiliation and Current Position: Article 19 Digital Senior Program Officer; IETF engagement lead

Relevant Qualifications:

Internet Governance Forum Best Practice Forum on Cybersecurity, member

Former member of the BIND developers team

B. Software Engineering

CCNA Routing and Switching

Linux Certified System Administrator

Motivation: From my activities as a software engineer from Costa Rica and digital rights advocate, I'm interested in furthering my involvement in the DNS community to contribute towards a stronger DNS ecosystem for everyone. Deeply interested in censorship circumvention, resilient DNS protocols, privacy and security, I'm eager to assist the RSSAC caucus in all work and represent my country and region.

Indication of Availability: I am able to attend IETF meetings in person as well as virtual meetings. I am able to commit ~8h per month.

Formal roles (if any) and interests in the work of RSSAC: No formal roles in the RSSAC. Interested in joining a work party such as the "Studying Modern Resolver Behaviours" work party.
