- **Name**: James Kunle Olorundare

- **Affiliation and current position**: President, Internet Society, Nigeria Chapter, Coordinator, Nigeria School on Internet Governance, Vice Chair, United Nation-International Telecommunications Union, Vice Chair, Metaverse Focus Group; Principal Manager, Nigeria Communications Commission; Member, Nigeria Internet Governance Forum Multistakeholder Advisory Group.

- **Relevant qualifications**: Bachelor of Engineering in Electrical and Electronics Engineering; Master of Science, Information Technology, Master Degree, Communications Management, Senior Member, Institute of Electrical and Electronics Engineer, USA., ICANN79 Fellow and Winner of Paul Muchene Award for the round of ICANN 79. Certified IPV6 Silver Engineer (AFRINIC). ISO 22301-Business Continuity Management, ISO 9001- Quality Management System, Certified Scrum Master

- **Motivation for membership in the RSSAC Caucus**: I attended a couple of sessions of RSSAC apart from the mandatory session as a fellow in the recently concluded ICANN79 meeting and I became interested in the work of RSSAC as an engineer. I can contribute my skills as a researcher who has written, presented and published peer reviewed papers in international journals including IEEE. I am very good in review of reports, I am an excellent researcher who has contributed to both national and international research. As a Vice Chair of the United Nation- ITU Meterverse Focus Group and a strong member of ITU Study Group 11 Protocols and Standards Working Group, I will bring my experience to bear in drafting, review and editing of standards and also collaborate with other members as a team player. My background from Africa needs to be adequately represented and also, show what we can contribute positively

- **Indication of availability**: I am available to attend both the online meetings and physical meetings. I am also available to contribute at least 10 hours per month of voluntary time. I also want to contribute to the caucus Working Groups especially on Internet Governance, ICT Infrastructure and research.

- **Formal roles (if any) and interests in the work of RSSAC**: No formal role in RSSAC. I am interested in the work of RSSAC as an engineer and advocate of open, secured and resilient and one stable Internet.
