- **Name:** Malick K. Alassane
- **Affiliation and current position:** CyberSecurity Analyst
- **Relevant qualifications:** I work as CyberSecurity Analyst in a young company specializing in CyberSecurity, CyberNaming and CyberSecurity Strategy. Also, I contribute of DNSathon, a hackathon on DNS which is one of the five activities of Benin DNS Forum. DNSathon is dedicated to reproduce complete DNS hierarchy using Raspberry Pi, implementing IPv6 and DNSSEC, run DNS measurements using RIPE Atlas probes. I conducted researches on DNS open resolvers and EDNS compliancy in Africa.
- **Motivation for membership in the RSSAC Caucus:** I am motivated to join RSSAC caucus in order to contribute towards producing RSSAC documents and other related stuff. Moreover, I want to have a representation of my country (and region) at RSSAC which is currently very much under-represented. There is a strong need of contributing in the processes of ICANN from the region, while representing and understanding the local issues as well.
- **Indication of availability:** I can pledge to spend at least 10-15 hours per month on the work of RSSAC and i'm available to attend the meetings either in person or online.
- **Formal roles (if any) and interests in the work of RSSAC:** I have no formal role in RSSAC, but I am quite interested in the work operations of RSSAC and motivated to contribute to the best of my potential.
