- **Name**: Nicolas Antoniello

- **Affiliation and current position**: Technical Engagement Manager, ICANN

- **Relevant qualifications**:
  - Experience operating DNS authoritative servers and resolvers at ISP level.
  - Experience providing capacity building on DNS, DNSSEC, Anycast deployment for DNS servers, DNS server configuration and troubleshooting, etc.
  - Experience with routing, switching and network design and operations.

- **Motivation for membership in the RSSAC Caucus**: As part of my job tasks at ICANN I'm engaging with different DNS related stakeholders, providing Capacity Building and fostering projects related to DNS stability, security and resiliency. I think that being part of the RSSAC Caucus will definitely contribute to my work while at the same time I may contribute to the Caucus. I also think RSSAC is in a good position to collaborate with all relevant stakeholders in supporting and evolving Internet critical infrastructure like DNS.

- **Indication of availability**: May allocate time to dedicate to the RSSAC Caucus tasks as needed, as well as attend some in-person meetings.

- **Formal roles (if any) and interests in the work of RSSAC**:

  - Actively participated in DNSSEC development process.
  - Served as Trusted Community Representative Crypto Officer for the DNSSEC Root signing for many years.
  - Strongly interested and linked (as part of my job) to all aspects of the DNS.

- **Links where appropriate**: N/A
