- Net neutrality debate
- Copyright and IG discussion
- Governments role in IG
- Mandate renewal
- IGFSA
- MAG renewal

Net Neutrality

- Not all packets have to be treated equal
- Return to lost paradise
- Feeling that there should be concrete legislation in some cases

Copyright and IG

- Local contents as drivers for development
- Global licensing (not an option)
- Copyright reform (not likely)

Government role

- Usual suspects
- Usual motives
- Usual discussion?

Mandate renewal

- General concern on renewal
- General confidence on renewal
- Backup plan

IGFSA

MAG renewal
