# AGENDA:  NCSG PC Call | 21 February 2022

1.   Welcome & Introduction
2.   Update from the Council Action Decision Radar
3.   A look at what was on the GNSO Council Agenda
4.   Discussion: System for Standardised Access & Disclosure (SSAD) ODP & Next Steps
     a.   The SSAD Operational Design Assessment (ODA) report has now been published and the council has formed a small team of councillors and some EPDP members to analyse the ODA and provide its expertise and perspectives to help inform the Council's deliberations on potential next steps and its engagement with the ICANN Board. Should NCSG consider a formal response to the board based on the findings in the ODA?
5.   Discussion: NCSG Priorities – There are many policy and operational issues under discussion now at ICANN. Here, NCSG leadership will facilitate a discussion which attempts to prioritize them, decide what it can focus on considering the limited volunteer hands available.
6.   Administrative updates & any other business
     a.   DNS abuse meeting request from the contracted party house on topics: trusted notifier expectations and malicious vs. compromised domains.
     b.   ICANN73 meeting
