

Maryam Bakoshi: Yes thank you

Carlos: @Amr I'm just writing my farewell letter to the Council and recommending that NomCom appointees spend at least 3 year in the council to be effective. The learning curve is so steep!

Stephanie Perrin: I think that is a good recommendation Carlos!

Carlos: and by the time you are riding without sidewheels you are out! :(

David Cake: I agree. Though some NCAs seem to be duds from the start (not even a criticism - part of the same problem is its to tell what it's like until you are doing it)

Ayden Ferdeline: I have to leave the call now. Thanks all

Stephanie Perrin: Exactly, it is impossible.

Kathy: OK with any method of opposing this time as inconsistent with law...

Stephanie Perrin: Ok we will discuss how to do this, anyone who wants to participate just let me know

Tapani Tarvainen: <http://gnso.icann.org/en/drafts/meeting-c-schedule-11jul16-en.pdf>

Kathy: The mockup shows Sat as Day 1, but the actual schedule shows Thursday as Day 1

James Njoroge Gitau: Hello, everyone I am sorry I'm late but I believe I will catch up

Sonigitu Ekpe: Hi Stephanie! I shall like to participate

Maryam Bakoshi: <http://gnso.icann.org/en/drafts/meeting-c-schedule-11jul16-en.pdf>

Matthew: disastrous schedule spanning two weeks

Kathy: two weeks?

Stephanie Perrin: Lovely, thanks Sonigitu! I will send out email after the meeting.

Matthew: two work weeks including travel

Sonigitu Ekpe: Perfect

Stephanie Perrin: How shall we respond to the doodle poll? Do we want to do something Sunday as a constituency?

rafik: which doodle?

Sonigitu Ekpe: Good idea sunday is fine by me.

Stephanie Perrin: the one that Marillia mentioned, which is being circulated by Marika

Marilia Maciel: Thant would be great Matt

Carlos: excellent matt

Marilia Maciel: I will take a look at that

Tapani Tarvainen: can't hear you

Matthew: what is the staus of slecting person for the modificsations to GNSO procedures due to bylaw changes?

Carlos: Amr

rafik: @stephanie at council list?

Marilia Maciel: Amr, your connection is very chopped

Carlos: your connection is breaking down

Pascal Bekono: Doodle link ?

Amr Elsadr: Sorry about that. I'll type in the chat then.

Stephanie Perrin: Sorry, this is about face to face meetings for pdps....in this case, RDS

Amr Elsadr: My audio should be fixed now.

Stephanie Perrin: THeY are tentatively proposing Thursday morning but GNSO members conflicted there....hard to find good times as usual.\

Marilia Maciel: Dave, why not take this into the NCPH group to improve NCPH functioning? The one that met in helsinki?

Marilia Maciel: The meeting that was not on schedule

Stephanie Perrin: Me too, you are in stereo

Tapani Tarvainen: now your sound is ok Amr

Stephanie Perrin: Marillia that meeting is different.

David Cake: no idea why these two efforts are separate

Stephanie Perrin: That one we need to watch very carefully....

Stephanie Perrin: it relates to structural "improvements" that were out of scope for the Westlake review.

Marilia Maciel: What I mean is that the NCPH election discussion that david mentioned should be brought into that group

Stephanie Perrin: Do you mean merging them??

Kathy: when are our elections?

Maryam Bakoshi:

<https://community.icann.org/display/gnsononcomstake/Elections-2016>

Stephanie Perrin: One issue with early elections is that at least in this country, we are going to be running into very busy vacation periods. I do anticipate a drop off in participation.

Maryam Bakoshi: Link to NCSG Elections:

<https://community.icann.org/display/gnsononcomstake/Elections-2016>

Kathy: Tx Tapani!

Amr Elsadr: These new procedures should be in place before the next Council Chair elections.

Marilia Maciel: I am proposing to discuss NCPH election in the NCPH group that discussing NCPH internal improvement. Not talking about SCI.

Matthew: thanks for raising Amr

rafik: i think marilia talking about gnso futures group

Matthew: agree

Matthew: how has volunteered so far?

Matthew: sorry who?

Stephanie Perrin: Would you be happy to volunteer Amr?

rafik: @amr please send email to list

Amr Elsadr: Yes..., I plan on volunteering for this group.

Matthew: excellent Amr

Amr Elsadr: But it's important to have folks on there who are more familiar with the changes happening as a result of the transition. I don't fit that bill very well.

Stephanie Perrin: Great! you could perhaps mentor others who feel they know less about procedures on GNSO...

Amr Elsadr: So folks who were basically active on the CCWG.

Pascal Bekono: I

Amr Elsadr: @Kathy: I'm a member, but haven't been active on it.

Pascal Bekono: I can volunteer

Wisdom Donkor: I am a member and haven't been active

Robin Gross: Reminder: NCSG's discussion on CCWG Accountability will start in 40 minutes on this channel: <https://icann.adobeconnect.com/ncsg/>
