I think council should work on styling their agenda more.
like beautify it. and make it look better ...

05/22/2018 13:15:11 PM from Ayden Férdeline to All
Participants:
the agenda looks better in Adobe Connect... it's actually
legible!! :)

but agree with your point.

05/22/2018 13:31:01 PM from Stephanie Perrin to All

I can see you feel strongly about this one Rafik, and I agree with what you are saying, but I want to make a small point about process.

None of the disruptors from the RDS group participated in that call.

Sorry Guys, I have to leave you in 20 min. I am very sorry. Will listen to the record. Thanks for your understanding.

05/22/2018 13:57:50 PM from Stephanie Perrin to All

Participants:

thanks for attending Farrell!

05/22/2018 13:58:02 PM from Ayden Férdeline to All

Participants:

we need a budget for legal advice from day 1 of the EPDP, i think telephoning into every call, and i am almost tempted to say we should make the EPDP do a three week long face to face and not leave LA until they have an initial report ready and agreed... ;-) need to work differently on this one

05/22/2018 13:58:25 PM from Stephanie Perrin to All

Participants:

I agree...

05/22/2018 14:01:19 PM from Ayden Férdeline to All

Participants:

is there any benefit to an external facilitator, i.e. a trade negotiator, with no knowledge of WHOIS, being the chair?

05/22/2018 14:01:46 PM from Ayden Férdeline to All

Participants:

(aside from animosity because they'd be paid thousands of dollars an hour and we're volunteers)

05/22/2018 14:04:10 PM from Stephanie Perrin to All
Participants:

I was actually thinking along those lines, but we would have to influence the contract or ICANN will pick a Washington type. No Washington negotiator/lobbyist would be acceptable to me, to determine an EU law compliant approach

05/22/2018 14:05:10 PM from Stephanie Perrin to All
Participants:

Thomas Rickert would be a great choice, seasoned trusted Chair and knows the law :-)

05/22/2018 14:05:18 PM from Ayden Férdeline to All
Participants:

and we have no budget... where will ICANN org find the \$ from for this, i wonder?

05/22/2018 14:05:26 PM from Ayden Férdeline to All
Participants:

Thomas Rickert would be brilliant

05/22/2018 14:05:43 PM from Rafik Dammak to All Participants:
@Stephanie Thomas is good but not really neutral on the matter ;)

05/22/2018 14:05:50 PM from Avri to All Participants:
And he is good at neutrality when in the role

05/22/2018 14:05:52 PM from Stephanie Perrin to All
Participants:

different issue Farz, much less polarizing.

05/22/2018 14:05:54 PM from Ayden Férdeline to All
Participants:

i think he is objective

05/22/2018 14:06:06 PM from Stephanie Perrin to All
Participants:

Yes I know Fik, it was kind of a joke...

05/22/2018 14:06:11 PM from Stephanie Perrin to All
Participants:

but he is a great chair

05/22/2018 14:07:12 PM from Avri to All Participants:

Are co-chairs being considered, two people who are good at neutrality from each side of the issue

05/22/2018 14:07:30 PM from Ayden Férdeline to All
Participants:

can we talk about whether we should involve the other 50 ACs?

05/22/2018 14:07:39 PM from Ayden Férdeline to All
Participants:

as observers, sure, but as members?

05/22/2018 14:07:59 PM from Ayden Férdeline to All
Participants:

what if the GAC sends us someone from the US gov and ALAC sends us the RDS RT Chair?

05/22/2018 14:08:21 PM from Farzaneh Badii to All

Participants:

so these are the things we need to put in the excel sheet

05/22/2018 14:08:31 PM from Farzaneh Badii to All

Participants:

who is coming up with the pros and cons?

05/22/2018 14:08:31 PM from Stephanie Perrin to All

Participants:

I think a professional alternative dispute resolution person could call the chairs whenever there was bias shown. While I think Chuck Gomes is a great chair, he should have called the disruptors more often than he did, and The Ombudsman was not really helpful, also did not intervene.

05/22/2018 14:08:33 PM from Farzaneh Badii to All

Participants:

:)

05/22/2018 14:09:50 PM from Ayden Férdeline to All

Participants:

3.5 months to get a first draft, there will need to be a face to face between meetings for this group to make progress, i reckon

05/22/2018 14:09:58 PM from Stephanie Perrin to All

Participants:

you may count on it, the ALAC liaison will want to be there

05/22/2018 14:10:26 PM from Stephanie Perrin to All

Participants:

I think it will be very difficult to exclude the GAC.

05/22/2018 14:10:54 PM from Farzaneh Badii to All

Participants:

oh someone put the chair on hold

05/22/2018 14:10:54 PM from Stephanie Perrin to All

Participants:

And with 100 new members, it will be difficult to find experienced folks.

05/22/2018 14:11:00 PM from Martin Silva to All Participants:

what? are all on hold?!

05/22/2018 14:11:01 PM from Rafik Dammak to All Participants:

can you hear me?

05/22/2018 14:11:04 PM from Tatiana Tropina to All

05/22/2018 14:11:05 PM from Ayden Férdeline to All

05/22/2018 14:11:38 PM from Stephanie Perrin to All

05/22/2018 14:15:00 PM from Bruna Martins Santos to All
Participants:
haha

05/22/2018 14:15:13 PM from Farzaneh Badii to All
Participants:
we have to stop Farzaneh from volunteering

05/22/2018 14:15:16 PM from Bruna Martins Santos to All
Participants:
Flávio, for each of them Rafik sets a placeholder google docs

05/22/2018 14:15:23 PM from Bruna Martins Santos to All

Participants:

and he also sends the calls on the list

05/22/2018 14:15:34 PM from Bruna Martins Santos to All

Participants:

and we can simply say: Hi, i want to join!

05/22/2018 14:15:56 PM from Flavio Andre Garces Heredia to All

Participants:

oh great, thanks Bruna :D

05/22/2018 14:17:26 PM from Martin Silva to All Participants:

I can do a comment on RPM if you want, we have something coming up

05/22/2018 14:19:52 PM from Farzaneh Badii to All

Participants:

I thought we managed to kill that proposal?

05/22/2018 14:21:50 PM from Martin Silva to All Participants:

we managed to soften it, but is not dead

05/22/2018 14:22:01 PM from Martin Silva to All Participants:

sure

05/22/2018 14:22:13 PM from Farzaneh Badii to All

Participants:

dead is better than softened :)

05/22/2018 14:22:58 PM from Martin Silva to All Participants:

ajjaja

05/22/2018 14:24:50 PM from Bruna Martins Santos to All

I will, most definitely map out the discussions and send an update to the list soon

05/22/2018 14:27:34 PM from Farzaneh Badii to All

Participants:

the number of times Stephanie says ICANN's failure :))

05/22/2018 14:30:08 PM from Stephanie Perrin to All

Participants:

I think it is the hangover from writing the dissertation....I had to clean out all the biased language and pretend to be neutral there....now I have a slingshot effect happening.

05/22/2018 14:30:13 PM from Stephanie Perrin to All

Participants:

:--)

05/22/2018 14:35:17 PM from Ayden Férdeline to All

Participants:

can you hear me?

05/22/2018 14:35:19 PM from Stephanie Perrin to All

Participants:

no

05/22/2018 14:35:25 PM from Ayden Férdeline to All

Participants:

now?

05/22/2018 14:35:56 PM from Bruna Martins Santos to All

Participants:

Yes, this is very interesting Steph! Discussion on a data protection law is at full speed here in brazil and we have been hearing some absurd coments such as: GDPR is not a fight for more rights, the user cannot fully exercise the rights we gave them.

05/22/2018 14:43:00 PM from Avri to All Participants:
There is a footnote about this that state that if the views happen they will be funded and i think it explains the mechanism. But yes it is tilting toward not doing the review

05/22/2018 14:43:15 PM from Avri to All Participants:
... if the reviews happen ...

05/22/2018 14:43:18 PM from Stephanie Perrin to All Participants:
There are serious limits to what the individual can do on his/her own to exercise rights. Just like we regulate roads and water quality, we need to ensure sound data protection practices at different levels...

05/22/2018 14:43:40 PM from Stephanie Perrin to All Participants:
me me !

05/22/2018 14:45:33 PM from Stephanie Perrin to All Participants:
There is a need to evaluate ROI from ALAC. They want to do policy work, but we need a critical analysis of what their output is.

05/22/2018 14:45:44 PM from Stephanie Perrin to All Participants:
Just as we do for ourselves, of course....

05/22/2018 14:45:56 PM from Stephanie Perrin to All Participants:
But their resources are disproportionate....

05/22/2018 14:47:48 PM from Ayden Férdeline to All Participants:
thanks all

05/22/2018 14:47:54 PM from Tatiana Tropina to All Participants:
