Niels ten Oever: And this was a big one, which we keep in mind all time

Milton Mueller: How does the decision Ruggie YES/NO affect the FoE issue?

Milton Mueller: Got it.

Milton Mueller: :-)

Robin Gross: thanks, Niels.

Robin Gross: ok, MM

----- (10/04/2016 17:42) -----

Robin Gross: MM, are you still on? I skipped jurisdiction and you are in that group.

Michael Karanicolas: Hi - I was at the last meeting, but not the previous ones, so I can't track at all how the process has been going, or the role that the Rapporteurs and Ombudsmen have been playing.

Michael Karanicolas: That said - I do think the current Ombudsman is an important voice in this conversation. Not one who should necessarily dominate the discussion, of course, but certainly one that should be heard, and considered carefully.

Edward Morris: Rafik is a rapporteur

Milton Mueller: being interviewd by the Guardian, will be off in 3-4 minutes

Edward Morris: for diversity

Michael Karanicolas: Anyway - unfortunately I have to run for another meeting! Apologies, but great chatting.

Robin Gross: thanks, Michael.

Robin Gross: MM, let me know when you are back on so we can go over jurisdiction.

Robin Gross: please :-)

Milton Mueller: ok back

Robin Gross: I may or may not have a recording :-)

Milton Mueller: I can neither confirm nor deny....

----- (10/04/2016 17:48) -----

Milton Mueller: Maryam, someone wants into the meeting, can you let them in?

Maryam Bakoshi: M apologies, Stafania. Thanks Milton!

----- (10/04/2016 17:50) -----

Edward Morris: @Robin. I'd love to hear it again.. Hard to determine my favourite moment: 1) When JJ spilled coffee or 2) when JJ spoke into a muted phone for 2 minutes. You kicked butt. It was an honour to be there. :)

----- (10/04/2016 17:51) -----

Robin Gross: thanks :-)

----- (10/04/2016 17:54) -----

Milton Mueller: I think Tatiana is on jurisdiction too,
though didnt see her in the last meeting

Robin Gross: that's an ICANN thing, generally
----- (10/04/2016 17:57) -----

Robin Gross: I think lots of folks couldn't get engaged in
WS2 while the transition was in limbo
----- (10/04/2016 17:59) -----

Edward Morris: Hope so...
----- (10/04/2016 18:12) -----

Edward Morris: Great idea

Tapani Tarvainen: If I had the power to make ICANN do
something...

stefania milan: thanks for organizing. super useful

Edward Morris: Thanks Robin!

Ahmed Almarwani: thanks

Anna Loup: Thank you!

Robin Gross: Thanks all, bye!

Maryam Bakoshi: Thanks for attending the meeting. Bye
