Rudi Vansnick:he is a CEO !!!

Rudi Vansnick:<http://www.domainrobot.ca/>

Rudi Vansnick:<https://www.nic.ltda/>

Tapani Tarvainen:☹CEO is not a problem IMHO but a registrar,,, that's a bit worrying

Tapani Tarvainen:☹☹☹☹☹☹Are going to establish a rule that we reject some people out of hand because of their employer?

Tapani Tarvainen:www.gipi.az doesn't seem to work

Tapani Tarvainen:... ok I see he explains that.

Rudi Vansnick:<https://www.linkedin.com/pub/yashar-hajiyev/7/396/342>

Tapani Tarvainen:I agree with Rudi that we should think about cleaning up membership from people who've just disappeared...

Rudi Vansnick:it seems there is a lot of delay in the communication

Rudi Vansnick:Maryam can also add some information here !

Tapani Tarvainen:Perhaps we should discuss this in the EC mailing list?

Tapani Tarvainen:I won't be in BA, can't even participate much remotely

Tapani Tarvainen:A new process for removing members should be discussed among members (in NCSG-Discuss)

Rudi Vansnick:it is all about the quorums required for votings!

Rudi Vansnick:sample : 400 members and only 150 responding / voting => no quorum !

Rudi Vansnick:i want to prepare a document on this issue

Rudi Vansnick:and send this next week to the EC list

Rudi Vansnick:snet = sent
