

Latin Generation Panel (GP) Meeting Notes from the meeting on 15 August 2019

Meeting Attendees (in alphabetical order)

GP members:

1. Bill Jouris
2. Dennis Tan
3. Hazem Hezzah
4. Mats Dufberg
5. Meikal Mumin
6. Mirjana Tasić

Staff:

7. Pitinan Kooarmornpatana

Meeting Notes

1. The GP continued discussing the “Sharp S (00DF) vs SS” using the discussion paper [Appendix: IDNA Compatibility: Latin Small Letter Sharp S \(ß\) U+00DF](#) and the slide [IDNA 2003 Compatibility Issues - Sharp S](#)
2. Rating schemes for the table “Balance Stability of the Root Zone and Inclusion of a code point” were discussed e.g. two-way (0-1), three-way (0-1-2 or no-partial-yes), and also descriptive text. However there was no conclusion for the best rating solution but the GP agreed to start with trying the 0-1 rating.
3. When the GP started to rate, inconsistent interpretation of the attributes was found. Therefore, another table was created to rephrase the attribute texts into questions which are clearer to answer.
4. The discussion will be continued on the mailing list and in the next meeting. Next meeting is 22 August 2019 at 16:00 UTC

Action Items

S. No.	Action Items	Owner
1	<i>Continue to discuss how to complete the table “Balance Stability of the Root Zone and Inclusion of a code point” on the mailing list</i>	ALL
