Latin Generation Panel (GP) Meeting
Notes from the meeting on 29 August 2019

Meeting Attendees (in alphabetical order)
  GP members:
    1. Bill Jouris
    2. Dennis Tan
    3. Hazem Hezzah
    4. Michael Bouland
    5. Meikal Mumin
    6. Mirjana Tasić
  Staff:
    7. Pitinan Kooarmornpatana

Meeting Notes

1. The GP reconfirmed that the underlining analysis has reached conclusion. Bill and Meikal volunteered to convert the underlining analysis result into the proposal.

2. The GP continued discussing the "Sharp S (00DF) vs SS" using the discussion paper [Appendix: IDNA Compatibility: Latin Small Letter Sharp S (ß) U+00DF](#).

   a. The GP agreed to include Sharp S in the repertoire. This is because excluding Sharp S does not resolve the misconnection issue. Users can input Sharp S though it is not in the LGR repertoire.

   b. It was agreed that Sharp S and SS are variant and the disposition of ß → SS is allocatable.

   c. The disposition of SS → ß were discussed and will be continued in the next meeting. Current set of comments were:
   (1) 'allocatable' to keep both directions symmetric,
   (2) 'blocked', because there is no linguistic reason that SS should be mapped to ß.

3. Next meeting is 5 September 2019 at 16:00 UTC

Action Items

S. No.	Action Items	Owner
1	*Draft the underlining analysis section in the proposal.*	BJ, MM
