

Latin Generation Panel (GP) Meeting Notes from the meeting on 17 October 2019

Meeting Attendees (in alphabetical order)

GP members:

1. Amadou Ly
2. Bill Jouris
3. Dennis Tan
4. Hazem Hezzah
5. Mats Dufburg
6. Meikal Mumin
7. Michael Bullard
8. Mirjana Tasić

Staff:

9. Pitinan Kooarmornpatana

Meeting Notes

- 1. In-script variant analysis.** The GP discussed the process to conduct the in-script variant analysis. It was discussed that the analysis should be in a systematic manner but at the same time should not ignore outstanding individual cases. The initial steps until the next meeting are:
 - a. Meikal assign the remaining in-script inspection tasks to members by name
 - b. All GP members list the sets which might need further variant analysis
 - c. Put the agenda for the next GP meeting to discuss the finding already preparedFurther methodology will be discussed and concluded in the next meeting.
- 2. Stack with combining diacritics.** Bill presented the [findings](#) which showing that some fonts e.g. Courier New could not properly render the stacking diacritic, the diacritic is shifted to the next character. The GP initially discussed how to handle the case.
 - a. It was shared that some GPs does not analyze the extensive list of fonts, but study the font used in the browser address bar.
 - b. The WLE rule could help the rendering issue in the complex script. However, it might not be the case for Latin script.This discussion will be continued in the next meeting.
- 3. Next meeting:** 24 October 2019 at 16:00 UTC. Then will be paused for two week for ICANN66.

Action Items

S. No.	Action Items	Owner
1	<i>Assign the remaining in-script variant tasks to members</i>	MM
2	<i>List the variant sets which might have been missed form the previous analysis for further discussion</i>	ALL
