

Latin Generation Panel (GP) Meeting Notes from the meeting on 12 December 2019

Meeting Attendees (in alphabetical order)

GP members:

1. Bill Jouris
2. Dennis Tan
3. Hazem Hezzah
4. Mats Dufburg
5. Meikal Mumin
6. Michael Bauland
7. Mirjana Tasic

Staff:

8. Pitinan Kooarmornpatana
9. Sarmad Hussain

Meeting Notes

The GP reviewed three documents:

1. The list of TBD items in the report at [2019-12-12-TBD-ReportV5- \[dropbox.com\]](#)
2. The list of Appendix D missing analysis at [2019-12-12-AppendixD-missingAnalysis \[dropbox.com\]](#)
3. The list of variant discussions during ICANN66 at [2019-12-12-TBD-ReportV5-VariantAnalysis \[dropbox.com\]](#)

TBD items in the report

Items regarding the Latin Small Letter D with Caron and Latin Small Letter L with Caron were discussed (item 4 and item 28). It was raised that the GP analysis should not be based on specific language community but based on the methodology GP has been using.

The chair asked for a volunteer to draft an initial text for this topic and Meikal was pointed as the author for the initial text for discussion. It was suggested that Latin Small Letter T with Caron might also be in scope. It was shared that comparing the letter with Caron and the base letter with an apostrophe will be analyzed.

Appendix D missing analysis

Mirjana listed all the placeholders from the Appendix D and asked Meikal to confirm if it is a complete list. Meikal agreed to review and confirm by Sunday. Mirjana will then assign the tasks to volunteers on Monday.

The timeline for the next submission was asked. The GP was informed that the next submission will be after receiving the IP feedback on the 5 December submission.

Variant discussions during ICANN66

The IP's remark, that the underlining analysis has gone beyond expectation, were discussed. The GP members had different views on the issue. However, the methodology was the majority based which resulted in favor of including variant code points beyond dot-below and line-below cases.

Meikal pointed that for item 5, the IP seems to misinterpreted the explanation. Meikal volunteered to review the text so that it does not rely on Marshallese language.

The chair invited all members to review the document for next meeting discussion. Meikal volunteered to review if the summary is complete and to group the tasks. The GP was informed that item 12 and 13 required no action from Latin GP.

Any other business

Bill requested all member to review the variant google sheet again as there were new code points added by Dennis's input and some of the previous rating were still missing. All members should look at all tabs and provide ratings.

Pitinan will follow-up with all members for Brussels meeting travel logistics.

Next meeting: 19 December 2019 at 1600 UTC.

Action Items

S. No.	Action Items	Owner
1	<i>Review the task list for Appendix D missing analysis by Sunday 15 December 2019</i>	MM
2	<i>Assign the tasks of Appendix D to volunteers on Monday 16 December 2019</i>	MT
3	<i>Draft the initial text regarding Latin Small Letter D with Caron and Latin Small Letter L</i>	MM
4	<i>Revise the text regarding item 5 of variant discussion (page 42) as discussed</i>	MM
5	<i>Provide ratings in the variant analysis <u>spreadsheet</u> in all tabs</i>	ALL
6	<i>Follow-up on Brussels meeting travel logistics with all attending members</i>	PK
