Meeting Notes

The GP discussed the note from Pitinan on Latin GP proposal version 6.3, date: 2020-01-08 and agreed that U+0115 was originally included in the repertoire for Bavarian language which was later removed from the Latin GP scope. Therefore the GP agreed to remove the U+0115. However, Mirjana volunteered to look into the history of this code point for confirmation. The GP agreed with other minor typo edit suggestions.

The methodology to maintain the document was discussed. Hazzem offered his One Drive to be the working place for the GP. All work should be done online, each member should log in with his/her Microsoft ID before working on the file, so that the system can indicate the author. All members were requested to backup the files locally periodically.

Pitinan was tasked to update the latest document with previous edits as discussed, then upload the file to One Drive and inform members via the mailing list to start commenting/editing the file.

Dennis volunteered to compile all previously received comments from the IP and shared the compilation on the mailing list a few days before the F2F meeting.

The agenda of the F2F meeting was discussed. As there are various point to discuss and prepare for GP-IP discussion at 5pm on day-1, the GP agreed to have a discussion with Greek GP but limited the time to 30 minutes. Mirjana would request Meikal to prepare the summary of input in Appendix D.

Next meeting: F2F meeting in Brussels 27-29 Jan 2020.
