Latin Generation Panel (GP) Meeting

Notes from the meeting on 19 March 2020

Meeting Attendees (in alphabetical order)

GP members:
1. Bill Jouris
2. Dennis Tan
3. Hazem Hessah
4. Mats Dufberg
5. Meikal Mumin
6. Michael Bouland
7. Mirjana Tasic

Staff:
8. Pitinan Kooarmornpatana

Meeting Notes

1. The GP followed up on the skip-ink analysis, member who has not submitted the analysis were invited to submit soon.

2. The GP discussed Generic Glyphs issues. It was agreed that it should be analyzed the same way as the previous variant analysis. Dennis volunteered to develop the Google sheet for members to vote.

3. The GP discussed the following Appendix D cases. It was proposed that the pending cases could be grouped into two categories.
   1) The cases which the first reviewer propose a variant set which is not included in the variant section yet.
   2) The cases which the finding and conclusion of the reviewer was not clear.

   These cases would need the panel to discuss and finalize. It was noted that the text should be in the view of the panel conclusion instead of a reviewer.

4. It was discussed whether the variant analysis sheet should be compared code point to code point or label to label. In addition the different script example might also be useful e.g. Latin.Greek or Cyrillic.Latin.

Next meeting: Thursday 26 April 2020 16:00UTC.

Action Items

S. No.	Action Items	Owner
1	*Test and submit the test result as assigned at test case table before the next meeting*	BJ, HH, MM
2	*Create the sheet for Generic Glyph analysis*	DT
