Latin Generation Panel (GP) Meeting
Notes from the meeting on 15 April 2021
Meeting Attendees (in alphabetical order)
  GP members:
  1. Bill Jouris
  2. Mats Dufberg
  3. Meikal Mumin
  4. Michael Bauland
  5. Mirjana Tasić
  Staff:
  1. Pitinan Kooarmornpatana
  2. Sarmad Hussain

Meeting Notes

The GP members reviewed and finalized the Latin LGR proposal version 6. The GP members were asked to review the appendices and flag any issue before the next meeting.

The GP members' comments on XML were discussed and concluded as follows:

(1) The XML should only list the variant mappings mentioned in the Latin LGR proposal.
(2) The missing 01DF 01DF will be added to Variant Set 18. ICANN staff was tasked to reach out to Dennis for any other missing pairs.
(3) Variant set 34: the rationale remains as-is.
(4) The variant type "eszett-to-ss" and "r-eszett" should be used instead of "r-swiss" and "r-german" respectively throughout the file.
(5) The text regarding maximum number of allocatable variant labels should be "Note that this restriction is independent of the restriction on variants of sharp s, see above, so that together with the sharp s rules, a total of up to four allocatable labels may exist."

The GP planned to finalize version 6 in the next meeting.

Next meeting: 22 April 2021 at 16:00UTC.

Action Items

S. No.	Action Item	Owner
1	*Update the XML as discussed by the GP and share via the mailing list*	*PK*
2	*Review the LGR proposal documents and XML and share any concerns before the next meeting*	*ALL*
