Meeting Notes:

1. The GP chair shared that the draft responses for Armenian GP's comment and for repertoire related comments have been uploaded to the shared drive for GP member's reviews.
2. The GP members agreed to continue discussing other topics to get directions of the GP responses and assign the writers. Then come back to review each response.
3. The GP discuss the variant related comments. It was shared that the RZ-LGR is a part of the string evaluation process. It will not fully replace the evaluation panels. The [Sub Pro final report](#) published by the GNSO have separate sections for IDN variants (Topic 25) and string similarity evaluation (Topic 24).
4. Dennis volunteered to draft the response regarding variant comments. It was agreed that the response can address multiple comments at the same time, with the clear pointers to the relevant comments.
