

## Latin Generation Panel (GP) Meeting Notes from the meeting on 11 July 2019

Meeting Attendees (in alphabetical order)

GP members:

1. Bill Jouris
2. Dennis Tan
3. Mats Dufberg
4. Meikal Mumin
5. Micheal Boulard
6. Mirjana Tasić

Staff:

7. Pitinan Kooarmornpatana

### Meeting Notes

1. The GP reviewed the meeting note from 4 July 2019 and discussed the additional variant analysis items for Appendix D whether they are visual or non-visual analysis. The GP concluded that some cases are not easy to be categorized. The GP agreed to continue to conduct with the various fonts analysis by wordmark.it. The text in the report will be discussed later based on the findings.
2. The GP discussed “Sharp S (00DF) vs SS”. Dennis took the GP through the discussion paper: [Appendix: IDNA Compatibility: Latin Small Letter Sharp S \(ß\) U+00DF](#) which describes the background of the issue and presents three options (i) Defer inclusion of 00DF from the Latin script repertoire (ii) Include 00DF with variant relationship with ‘ss’ (ß → ss), (iii) Include 00DF without variant relationship with ‘ss’. In general, the GP does not agree with option (i) and tend to agree with option (ii).

Meikal prepared a flowchart at the end of this document which the GP agreed to review and this topic will be finalized in the next meeting. It will be put first in the agenda.

3. Next meeting is 18 July 2019 at 16:00 UTC

### Action Items

S. No.	Action Items	Owner
1	Review the flowchart in <a href="#">Appendix: IDNA Compatibility: Latin Small Letter Sharp S (ß) U+00DF</a>	ALL
2	Conduct the variant analysis using Wordmark.it as assigned in the meeting note 4 July 2019.	ALL
