Aarti Bhavana: Just on listening mode while I'm waiting to be called into a meeting. May have to leave in a bit

Niels ten Oever: Welcome Aarti!

Aarti Bhavana: Hi Niels!

Aarti Bhavana: I'm only on listening mode today, so will just type out my update here.

Aarti Bhavana: I have incorporated the comments I received during our previous call. My colleague, Kritika, is working on updating the document further with a specific focus on privacy and data protection. We should have our final document ready towards the end of next week, hopefully. But it will all be ready in time for our session on the 3rd.

avri doria: nope nothing. may have to reboot. gernally do when this happens
