Maryam Bakoshi: Dialling out to you now, Austin

Austin Ruckstuhl: i agree with Akriti... not much else to add

bruna santos: Had pretty much the same question.

David McAuley: yes

bruna santos: Yep! And this initial assessment can also be refered to when the WG issues its final recommendations, i believe.

David McAuley: I thought spreadsheet format was a good one

bruna santos: yes, super comprehensible

Herb Waye Ombuds: This is very interesting and can be applied to many aspects of the Office of the Ombudsman, I will catch up by reading the transcript... I must drop out of the call and see you on the next call or in Kobe. Great work.

Akriti: Thank you for joining so far :)

Joanna Kulesza EURALO: Apologies, I dont have a mike at this point

Joanna Kulesza EURALO: happy to take this to the mailing list

Collin Kurre: Great thanks! :)

David McAuley: Good idea re another tab for informational background

Bruna Santos: bc things such as applicant support - in all the forms possible - is not yet a common concern when it comes to the discussions of the new gTLD program

Bruna Santos: Yes, the informational background can also work

Collin Kurre: Link to paper: https://www.academia.edu/38347684/From_Human_Rights_Aspirations_to_Enforceable_ Obligations_by_Non- State_Actors_in_the_Digital_Age_The_Example_of_Internet_Governance_and_ICANN?ema il_work_card=view-paper

Bruna Santos: I meant - applicant support is indeed a concern, but not necessarily unanimous within the community. (sorry I had less coffee than I actually need)

Collin Kurre: We've got a little echo happening, please mute when you're not speaking

Collin Kurre: This is a recurring agenda item — we've become the space-to-watch for WS2 updates! :)

David McAuley: when is the CCWP meeting in Kobe?

David McAuley: haven't seen schedule yet

Collin Kurre: It is on Wednesday at 10:30 https://64.schedule.icann.org/meetings/962172

David McAuley: agenda looks good to me

David McAuley: thanks Collin

David McAuley: maybe we can suggest on list as well

Louise Marie Hurel: +1 David

Bruna Santos: I was also going to suggest that, pose the question on the list and we can seek speakers

David McAuley: none here, thanks Collin, Akriti, and Maryam

Louise Marie Hurel: Thanks Collin and Akriti!

Bruna Santos: thanks a lot Collin and Akriti!

David McAuley: bye
