ICG combined proposal assessment of all proposals										
IETF work (if necessary)										
RIR work (if necessary)										
CWG work (if necessary)										
Public comment period - interim final proposal										

ICG timeline (2/2)

	Sep-15			Oct-15			Nov-15	
ICG analysis of public comments received in comment period	███	███						
IETF work (if necessary)			███	███				
RIR work (if necessary)			███	███				
CWG work (if necessary)			███	███				
ICG preparation of final proposal					███			
ICG posting of final proposal						■		
ICANN Board transmission of final proposal to NTIA								■

ICG timeline (2/2)

	Sep-15			Oct-15			Nov-15
ICG analysis of public comments received in comment period	███	███					
IETF work (if necessary)			██				
RIR work (if necessary)			██				
CWG work (if necessary)			██				
ICG preparation of final proposal				██			
ICG posting of final proposal					■		
ICANN Board transmission of final proposal to NTIA							■

- Optimistic timeline
- May be extended for additional community work, comment analysis, or comment period

CWG/CCWG dependencies

- Once the CCWG Workstream 1 output has been sent to SOs/ACs for approval (estimated to be prior to ICANN 54), the ICG will seek confirmation from the CWG that the CCWG's work meets the CWG's requirements.

IANA trademark and iana.org

- Feb 2015 – Numbers and protocol communities clarified that their proposals are compatible regarding IANA trademark and domain name

- June 19, 2015 – ICG requested resolution for incompatability between CWG proposal and other two proposals by July 2, 2015
