

Meeting with the ICANN Board

21 June 2015

GNSO Activities

- ⦿ A lot of hard work going into IANA Stewardship transition as well as accountability related work – GNSO community providing leadership and active participation
- ⦿ At the same time, work on a number of important policy initiatives is initiated, continuing and concluding.
- ⦿ For detailed information, see GNSO Policy Briefings -

Agenda Topics

1. Impact on Board of new GNSO Policy Processes
2. Board decisions concerning gTLD policy and related implementation matters
3. ICANN Executive/Staff decisions concerning gTLD policy and related implementation matters
4. AOB:
 - a. ICANN's growing maturity and complexity increases burden of tracking multiple streams of work
 - b. Concern about a number of parallel activities and how they interrelate with one another
 - c. Concern over organizational stability in light of the transition to a new CEO
