

IANA Stewardship Transition Coordination Group (ICG) Update

**ICANN 54
October 2015**

ianacg.org

Work completed up to July 2015

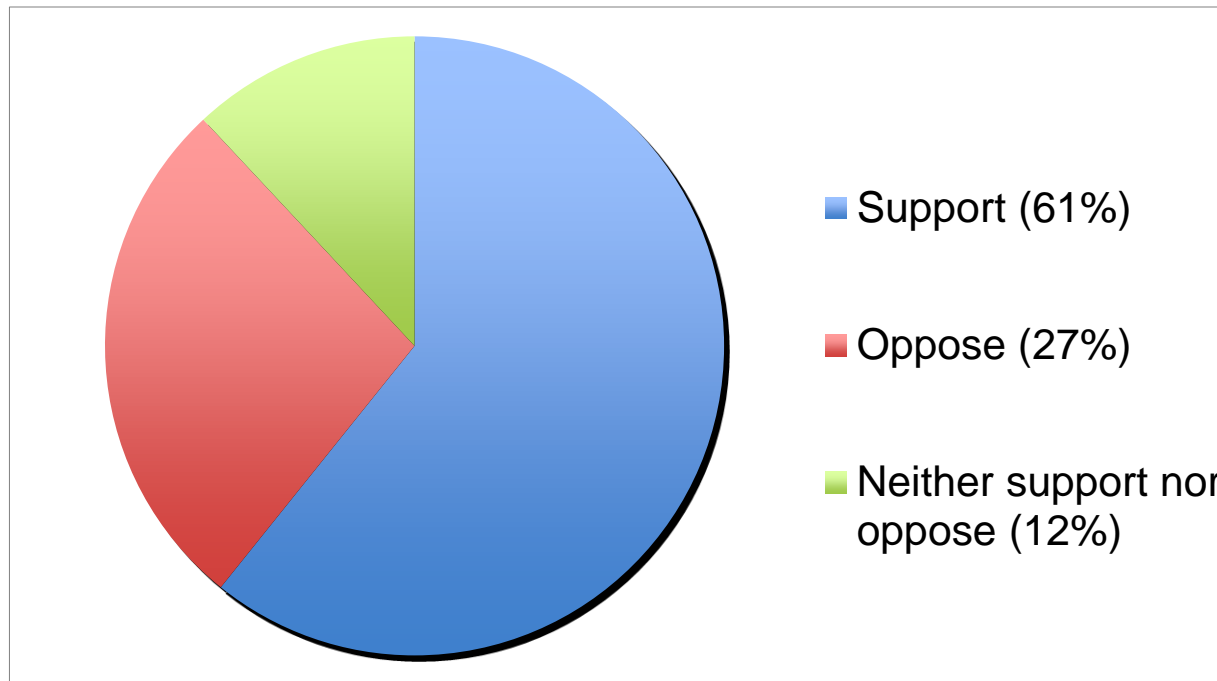

Public comment period: July 31-Sept 8

- 157 comments received
 - Individuals and organizations of all kinds
 - Comments in English, Chinese, Spanish, French

Support for the proposal

- Majority of comments supportive of the proposal

- Supportive comments from individuals, OCs, SOs/ACs, businesses, civil society groups, governments, others
- Opposing comments primarily from individuals, with several exceptions

Key public comment themes

- Dependency on CCWG Work Stream 1
- Post-Transition IANA (PTI)
 - Relationships among entities
 - Remit of PTI Board
 - Separation processes and cooperation
- Root Zone Maintainer (RZM)
 - Lack of existing agreement between IFO and RZM
- Jurisdiction of ICANN
- ccTLD references

Support for NTIA criteria

- Majority of commenters who addressed criteria believe criteria are either met or conditionally met by the proposal
- ICG believes criteria are met
- Outstanding RZM-related requirements needed to ensure security and stability of the DNS

NTIA's Criteria

Support and enhance the multistakeholder model

Maintain the security, stability, and resiliency of the Internet Domain Name System (DNS)

Meet the needs and expectation of the global customers and partners of the IANA services

Maintain the openness of the Internet

NTIA's Expectations

Broad community support

Does not replace NTIA role with a government-led or an inter-governmental organization solution

Transition proposal status

- [TBD pending outcome of our weekend meetings]

ICG status

- [TBD pending outcome of our weekend meetings]
