SSR Recommendation 15 Implementation
ICANN Engagement with Others in the Global Internet Ecosystem
30 June 2015

Project Status

ICANN published a Coordinated Vulnerability Disclosure document in 2013. While the framework and SOP is in place, staff notes that because facilitation of responsible disclosure is an on-going obligation the work in this area is ongoing.

Staff collaborates with operators and trusted security community entities on DNS security threats and mitigation techniques. This is related to Recommendation 28.

Implementation Notes

This recommendation is complete.
