Project Status

ICANN has in place funding allocated to allow SSAC and RSSAC to conduct work. The support funding has never been linked to, or conditioned by, any performance/output/content evaluation, thus maintaining adequate independence.

Established processes and procedures for WGs and ACs also support their decisions being reached in an objective manner that is free from external or internal pressure.

A publicly documented budget process for SO/AC input on the budget is SOP; for example, these requests have been published for FY 15.
