SSR Recommendation 24 Implementation
ICANN's SSR Remit and Limited Technical Mission
30 June 2015

Implementation 24 Timeline

Publish remit

Recommendation 24 Implementation Description

ICANN must clearly define the charter, roles and responsibilities of the Chief Security Office Team.

Status of Deliverables

	Responsible	Due Date
The Identifier Systems Security, Stability & Resiliency (ISSSR) Team, CTO (and staff), and CIO (and staff) closely coordinate to address the range of ICANN's internal and external SSR responsibilities, enumerated in this document, with ISSSR team focused on current externally focused ISSSR, the CIO and team focused on current internally focused ISSSR and the CTO and team looking towards future ISSSR risks and opportunities. As the SSR environment associated with the Internet's system of unique identifiers evolves, so too will ICANN staffing. Updates will be published in appropriate places on the icann.org website	**Staff**	√

√ Complete
Planned/In Process
Behind schedule, expected to recover within original plan
Behind schedule, original plan to be adjusted
