Vidushi Marda: Hello! I'm Vidushi Marda from CIS and will be moderating today's discussion

Gangesh Varma: Hello, Gangesh here from Centre for Communication Governance, Delhi, India.

Karel Douglas: Hi All! Morning from sunny Trinidad

Alexandre Arns Gonzales: Hello, Vidushi Marda, I'm Alexandre, member of the LAC Youth Observatory (that we are bulding it, since the IGF 2015). Glad to be able to join the discussion here

Vidushi Marda: Glad to have you all on this call. Are you able to hear me?

Alexandre Arns Gonzales: I can hear you

Vidushi Marda: I can hear you, yes

Vidushi Marda: I've set it up but checking again

Narine Khachatryan: Hello everyone!

Vidushi Marda: Gangesh?

Gangesh Varma: I guess i am not audible

Maryam Bakoshi: No we cant hear you

Gangesh Varma: Please give me a minute to check my settings. Carry on with the others please

Narine Khachatryan 2: I've just lost connection, sorry.

Karel Douglas: Hi All...I am not connected for audio

Narine Khachatryan 2: I'm back, but be able to write only in the Chat window

Karel Douglas: but i would support such an approach esp as the numbers are few

Karel Douglas: there was feedback into your own mic

Gangesh Varma: sorry i just lost the connection in between,

Karel Douglas: agreed

Gangesh Varma: Yes. we can go ahead. just wanted to clarify if the text of the mandate remains the same

Alexandre Arns Gonzales: yes, Gangesh

Narine Khachatryan 2: @Vidushi, I agree with your point

Karel Douglas: a prudent approach would be to ascertain the exact work that the other groups are doing, the respective groups then can define what they are doing

Narine Khachatryan 2: I agree with your point

Karel Douglas: Yes...exactly

Karel Douglas: there are 2 factors to consider - the time frame for this exercise and the numbers to do the work

Karel Douglas: Yes, agreed.

Karel Douglas: yes ..we can move on

Alexandre Arns Gonzales: Agreed

Narine Khachatryan 2: the topic of security is not included?

Narine Khachatryan 2: what do you think, Vidushi about that?

Narine Khachatryan 2: Vidushi, what would be a form of an outcome? A report, or just data?

Karel Douglas: Interesting approach - how would you get the individual cases?

Vidushi Marda: Yes, that's accurate

Karel Douglas: that's correct GV...the instances would be examples of the policy level

Alexandre Arns Gonzales: Weinstein vs. Iran, case?

Alexandre Arns Gonzales: Sorry

Alexandre Arns Gonzales: It missed part of the text

Narine Khachatryan 2: Vidushi, what would be a form of an outcome? A report, or just data?

Karel Douglas: there is no harm in treating with both

Alexandre Arns Gonzales: Would a case, for pointing in the output be something like this

(https://attachment.fbsbx.com/file_download.php?id=965911510153083&eid=ASvtdp37wn1OV2EMwOw-wztc_eY6c_q5adulGggr-bR_6-8jlo2bdm0n230CrArTh4E&inline=1&ext=1452782006&hash=ASvtNxsGzPoSPeao)

Alexandre Arns Gonzales: Weinstein vs. Iran ccTLD?

Karel Douglas: bad link

Alexandre Arns Gonzales: Sorry

Karel Douglas: Alexandre - could you repost the link

Karel Douglas: thanks

Karel Douglas: yes but I was concerned about "division of labour"

Alexandre Arns Gonzales:

Karel Douglas: are we all to look at the same topics

Karel Douglas: ?

Gangesh Varma: No Karel.

Karel Douglas: Oh ok ...sorry for jumping ahead

Narine Khachatryan 2: @Vidushi, do we divide the issues by topics between us, or by PDPs?

Narine Khachatryan 2: @Vidushi, do we divide the issues by topics between us, or by PDPs? We have 11 current PDPs and some 5 to 6 topics.

Gangesh Varma: @Narine: diving according to PDP is interesting, could you elaborate

Gangesh Varma: dividing*

Narine Khachatryan 2: Gangesh, I mean volunteering for the purpose to contribute to the work

Karel Douglas: Alexandre - thanks but link is still not working

Karel Douglas: I suggest we start looking at the topics and fine tune our work upon confirmation of the parameters

Karel Douglas: Yes agreed

Alexandre Arns Gonzales: Sorry, Karel. This is the only link I have to this document. It was shared to me. Can I try to share it in another way with you, @Karel?

Alexandre Arns Gonzales: Agreed with, @Vidushi

Gangesh Varma: i agree on the output at the end of 2 weeks

Gangesh Varma: Sure. Just give me a minute

Karel Douglas: Alexandre - thanks , I think I'm aware of the case but was just indicating that the link was not working

Narine Khachatryan 2: Vidushi, how can we download the presentation, could you post a link, please

Narine Khachatryan 2: yes

Karel Douglas: I downloaded the post

Narine Khachatryan 2: Thank you, Vidushi

Karel Douglas: the presentation*

Karel Douglas: at the top of the page is a drop down menu to "save as"

Karel Douglas: next to the four arrows

Karel Douglas: another page opens with "click to download"

Vidushi Marda: sorry, there's a lag

Gangesh Varma: yes please go ahead

Vidushi Marda: please go ahead

Gangesh Varma: yes i noticed

Narine Khachatryan 2: 8, 9, 10, 11

Gangesh Varma: 8, 9, 11, 3, and 2

Narine Khachatryan 2: ok, we will not be looking to issues related to whois

Karel Douglas: I would need to re-visit the topics of the other groups

Karel Douglas: what about 10?

Narine Khachatryan 2: 8,9, and 2, 3

Karel Douglas: I would re-visit the topics that the other groups are doing before I confirm that

Gangesh Varma: We could address the WHOIS and New gTLD prog topics after we hear from the other sub-groups?

Karel Douglas: I think it def falls within our mandate however will seek further info

Karel Douglas: and I will be guided based on that

Karel Douglas: Excellent!

Narine Khachatryan 2: I volunteer for the 8th

Karel Douglas: Er....

Alexandre Arns Gonzales: I can go with 9

Karel Douglas: I will def volunater....i guess I get the last one

Karel Douglas: what are the topics?

Karel Douglas: 8,9, and 2, 3?

Karel Douglas: hold that ...I may not do justice to 3

Alexandre Arns Gonzales: from what I understood, the topics are this

Karel Douglas: I'll take 3

Karel Douglas: I was scrutinizing the list

Gangesh Varma: Great

Narine Khachatryan 2: Vidushi, will you be coordinating the whole work?

Karel Douglas: Could you just repeat who is doing what, thanks

Gangesh Varma: 2- Gangesh, 3 Karel, 9- Vidhushi & Alexandre, and 8 - Narine

Karel Douglas: Thanks!

Karel Douglas: got it!

Vidushi Marda: 1. Past/Present

Vidushi Marda: 2. The right

Narine Khachatryan 2: I've lost the audio, could you repeat, Vidushi

Vidushi Marda: 3. Process that's affected

Narine Khachatryan 2: Vidushi, could you clarify the 2. right

Gangesh Varma:@ Narine: Which human right specifically is being affected

Karel Douglas:good point...how would we be able to obtain past violations?

Narine Khachatryan 2:thank you

Karel Douglas: is that infromation readily avialable?

Karel Douglas: maybe somebody has collated such violations

Karel Douglas: either in the groups (SOs) etc or in commenst in the PDP process etc

Karel Douglas: great idea GV

Gangesh Varma:

https://www.article19.org/data/files/medialibrary/38148/ICANN_CS_to_respect_HR_report_ALL_FINAL-PDF.pdf - the article 19 report
