<p><b>your knowledge of the GNSO community's structures and operations and any participation therein</b></p>	<p>constant including active participation in the IPC and several working groups. I have an in depth knowledge of the GNSO's structures and operations.</p> <p>I served as Chair of the Cross Community Working Group to recommend metrics for consideration in the CCT review and of the Implementation Advisory Group which prioritized metrics to be measured immediately. I served as Chair of the non-PDP Working Group on Metrics and Data for Policy Development whose recommendations were recently approved by the GNSO and Board.</p> <p>Most recently, I have served as an active participant on the Cross Community Working Group for ICANN Accountability, with particular focus on Work Party 1. I ultimately served as <i>rappporteur</i> for the discussion surrounding the Community Budget Veto power.</p>
<p><b>8. A one to two paragraph statement about your specialized technical or other expertise of direct relevance to the responsibilities of the review team in question</b></p>	<p>My primary "specialized skill" relevant to the CCT review is in the area of relevant metrics. This is the first review to actively involve data driven analysis as the result of a board resolution, informally referred to as The Zuck Resolution. For the last 5 years, I have been involved directly in the selection and prioritization of metrics for use in the review and would like to see this important milestone through to conclusion.</p> <p>Beyond that, my participation in the IPC gives me insight into the challenges faced by those using the rights protection measures which are also an explicit part of the review.</p>
