08:31:45 From Glenn McKnight to Everyone : https://webportalapp.com/sp/login/icann-nc-submission-portal-2021

08:34:45 From Raoul Plommer to Everyone : I think talking about volunteers is a little misrepresentative of the fact that virtually all the others get paid for their work at ICANN, apart from the NCSG members.

08:37:56 From Farzaneh Badiei to Everyone : Sad life of civil society Raoul. ALAC doesn't get paid either

08:38:34 From Raoul Plommer to Everyone : I stand corrected.

08:38:35 From Glenn McKnight to Everyone : How is ICANN policy process different(better or worse) than the RIR policy process of shepparding policies?

08:41:08 From Patrick Jones to Everyone : One difference is that policy in the numbers community is developed in the five Regional Internet Registries and then brought forward to the global level.

08:41:14 From Alfredo Calderon (Mentor ICANN70) to Everyone : Adding to @Glenn question, How long does the Community Development Policy process until it reaches an implementation phase? By the time the policy is implemented can it become obsolete?

08:42:39 From Glenn McKnight to Everyone : https://www.arin.net/participate/policy/pdp/

08:44:18 From Brenda Brewer to Adam Peake(Direct Message) : hand raised by Alfredo

08:44:40 From Oreoluwa Lesi to Everyone : Yes, we will share from the NPOC site. We want these resources to be available to as many people who would benefit from them.

08:44:53 From Farzaneh Badiei to Everyone : so why should NPOC care about how community develop policies? What are the operational concerns that can be addressed in these processes?

08:47:28 From Imran(ICANN70 Fellow) to Everyone : yes, it was very helpful for me
08:48:32 From Patrick Jones to Everyone : One of the goals of the series is to help NPOC participants (and other guests) be more informed in how the policy process works, as well as the basic technical components of the DNS so they can be more informed & active participants in ICANN technical & policy work.
