

Ariel Liang: (6/27/2016 10:43) Good morning to all our participants here in Helsinki and good morning, good afternoon and good evening to all our remote participants please remember to state your names with speaking for transcript purposes We have live interpretation in French and Spanish, so please state your names when speaking in order to identify you on the various language channels as well as for transcript purposes. Please also speak at a reasonable speed in order to allow for accurate interpretation.

Ariel Liang: (11:08) Session now started. Document is unsynced and you can scroll freely on your own :)

Cheryl Langdon-Orr (CLO): (11:32) Sean the measurements and metrics for "levels of Activity" has been discussed and some outcomes decided upon by the Metrics WG, we have ways of doing the measurements you raised as issues

seun ojedeji: (11:34) @Cheryl in AFRALO for instance one of our metrics (which is currently under discussion) is the contribution of ALSes, how does one evaluate that?

seun ojedeji: (11:34) I mean evaluate it objectively

Cheryl Langdon-Orr (CLO): (11:35) That is exactly what I mean as well

seun ojedeji: (11:35) is it by responding on the mailing list adding +1 or by me writing a long response. Who determines these things at global level

Cheryl Langdon-Orr (CLO): (11:36) That is exactly what we designed our measurements to avoid

seun ojedeji: (11:36) @Cheryl perhaps i have not seen that measurement, but if it is what we are discussing at AFRALO level (which i have seen), i don't think that is covered yet

Cheryl Langdon-Orr (CLO): (11:37) \*Much work done on this\* and also developed and designed to minimise human interventions and any risks of bias/error

Cheryl Langdon-Orr (CLO): (11:38) It was work done in Metrics WG look to the wiki for leads and you should also talk to Dev who led the tech approach to these matters and Aureen who led the HR approach (where HR = Human Resource)

Cheryl Langdon-Orr (CLO): (11:38) Aureen = Maureen

Cheryl Langdon-Orr (CLO): (11:40) Exactly!!! I agree ++

Cheryl Langdon-Orr (CLO): (11:42) I agree totally Alan

Cheryl Langdon-Orr (CLO): (11:46) Perfect way forward in my biased view Sandra

Cheryl Langdon-Orr (CLO): (11:47) Quorum would be based on the Active list of Memberships

Cheryl Langdon-Orr (CLO): (11:56) Unaffiliated Membership is part of the APRLO ROP's

Cheryl Langdon-Orr (CLO): (11:56) APRALO

Nathalie Peregrine: (12:06) Due Diligence is there to often rectify the applicant's misunderstanding

Harold Arcos: (12:06) In the past I cann has wanted to grow and today we have new challengers. Today we could convene based in the current agenda of work. As talent hunters. And keeping open door for volunteer.

Ariel Liang: (12:10) thanks all for attending
