## Mission Statement

The ALAC Sub-Committee on Finance and Budget is tasked with preparing Statements and requests related to the ALAC's Strategy and Finance.

The aim of the ALAC Subcommittee on Outreach and Engagement is to develop both an At-Large strategy on reaching out to new potential members of the At-Large community as well as to engage new and existing m

The primary purpose of the AMSC is to create, develop and propose to the ALAC detailed metrics and measures of performance expectations of Members of the ALAC and those Representing the At-Large Community

This WG focuses on the capacity building activities within At-Large

The aim of this WG is to focus on the ICANN Internationalised Domain Name (IDN) TLD Program developments and provide community input/feedback via ALAC statements and engagement with ICANN staff

The At-Large Social Media Working Group aims to raise awareness of the ICANN At-Large community and enhance end-users' engagement with the community by developing a strong and sustainable presence on soci

Renamed ...

This Working Group will be used by the At-Large to coordinate and manage its efforts related to ICANN's Community Regional Outreach Pilot Program (CROPP) in which each of the 5 RALOs can apply for funding up to

This Working Party, acting as a Steering Committee, will serve as the primary group working on the 2015-2019 At-Large Review.

The mission of this ad-hoc working group is to discuss the transition of US Government Stewardship of the IANA function in relation to the discussions taking place in other fora such as the IANA Stewardship Transition

The vision is to "pilot-test" ICANN's capability to increase the accessibility of Policy development activities by providing real-time captioning service on existing At-Large community meeting calls.

This WG will discuss issues related to the public interest in the context of ICANN and the manner in which end users are impacted.

During the discussions of the ALAC at ICANN52 in Singapore, the ALAC recommended that we constitute a Task Force (TF) to make recommendations to the ALAC regarding the criteria and expectations for ALSes and f

The mission of the ad-hoc ATLAS II Implementation Taskforce (ATLAS II IT!) is to facilitate the implementation of the recommendations stated in the ATLAS II Declaration.

The At-Large Technology Taskforce (TTF) evaluates and reviews Information and Communication Technologies that can help the ICANN At-Large Community (including the At-Large Advisory Committee (ALAC)) better :

This ad-hoc working group is an informal group of individuals sharing information about efforts in At-Large an NCSG on the topic of Stewardship transition of the IANA contracts.

This Cross Community Committee works on the issues surrounding the particular needs of people who face challenges to participate in the work of ICANN, including but not limited to its Policy Development, Outreach

0

This working group has been established to participate in a joint ALAC-ccNSO project which proposes to establish a database matching At Large Structures (ALSes) and the ccTLD of their country.
