

0. Mandate

Advancing the work on proposing specific internal processes and procedural aspects on how ICANN can operationalize its commitment to human rights - specifically in the context of the implementation of the human rights bylaw in work-stream 1 and the development of a Framework on Interpretation (FoI) in workstream 2 (WS2).

1. Output

- Provide input to the shaping of the human rights bylaw as described in Annex 6 of the CCWG during implementation period of workstream 1
- Provide input on process for the development of an FoI for the human rights bylaw in WS2
- Provide input to the discussion on the FoI for human rights in WS2
- Provide input to discussions on other human rights relevant issues in WS2
- Inform the CCWP HR at large on the progress of the work in CCWG and ensure it is informed by other human rights relevant work and issues in other processes or part of ICANN and the ICANN community

2. Calls

April 8, 16:00 UTC

May 6, 13:00 UTC

June 3, 16:00 UTC

3. Some potential topics

- provide expertise on how a Human Rights Impact Assessment could be performed, structured and implemented
- provide understanding of the history of framework of interpretation
- provide framing on what a 'FoI' should or could cover
- TBD

4. Issues to discuss

- TBD
