Andrew Sullivan:I'll have a little time on Friday & could do something then if you're not done by then

Andrew Sullivan:Adding more mail to my INBOX will not appreciably change the volume, so I'll leave it up to David what he wants to do :)

David Cake:I'll let you now how we are going Friday, Andrew.

Kathy Kleiman:Sorry to hear you were sick, Susan

Farell FOLLY (@Africa2.0):hey cake, how are you doing.. I've just done the summary of the last four docs (letters) I volunteered to summarize.... If deadline is postponed, I can take more documents, too.

Richard Padilla>Hello all

Sana Ali>Welcome, Richard. welcome to Adobe, James

Richard Padilla:@Sana thanks

Ayden Férdeline:I am over-extended this week, but if there are any documents on Saturday which are not assigned, I will be able to summarise them.

Grace Mutung'u:by when are the summaries due?

Kathy Kleiman:Tx Chuck!

Lisa Phifer:Grace - yesterday

Grace Mutung'u:I had a problem starting off but after seeing Kathy's format, I understand the work

Grace Mutung'u:@ Lisa, almost done

James Gannon:I'm happy to chime in for the Irish accent if needed

Lisa Phifer:@James thanks!

Kathy Kleiman:Can the doc be set to allow us to flip through it?

Lisa Phifer:@Grace feel free to email me if you have any questions re: format that I can help answer

Grace Mutung'u:Thanks ! @ Lisa

Alan Greenberg:Sorry for being late. Had a conflicting meeting that I could not skip.

Kathy Kleiman:+1 Steve

Fabricio Vayra:+1 Steve

Ayden Férdeline:+1 realistic timeframes

Daniel K. Nanghaka:+1

Kathy Kleiman:Chuck: can we memorize this idea - that there can be differing views in this subgroup output?

Kathy Kleiman:Chuck: where can someone memorialize in the formal work of the subgroup that there is a disagreement as to basic interepretation of a document?

Maryan Rizinski:Regarding the second question, do you think it would be a good idea to ask the team members define the importance/relevance level for all (or some) of the documents (e.g. on a scale from 1 to 5) as they perceive it? By doing this we might avoid lengthy email discussions. And as a result we might achieve the realistic timeframes proposed by Steve while still getting feedback from all members

Kathy Kleiman:Great - tx Chuck!

Ayden Férdeline:@Maryan - My concern here is that we could end up debating the 'relevance' of certain documents for weeks. I am likely to consider a document important than others may consider less important.

Maryan Rizinski:Thanks Chuck

Lisa Phifer 2:It may be helpful to just try to flag those most and least important rather than strictly prioritizing. You may find that all find some docs very helpful and some not at all.

Maryan Rizinski:Ayden, good point. It would be beneficial to

consider that as well

Holly Raiche:Let's see how next week goes

Maryan Rizinski:Lisa, your approach is more reasonable than mine and actually less time-consuming. Great point!

Alan Greenberg:@Chuck, have you moved to the east coast? Next weeks meeting seems to be at 1 am MY time...

Holly Raiche:Terrific

Holly Raiche:No sympathy

Kathy Kleiman::-)

Sana Ali:haha

Ayden Férdeline:ø ø ø

David Cake:The true crruelty is that I'll be in the US next week....

Rod Rasmussen:Joined Adobe late - have been listening on the call though. Nice job moving through this and breaking this down to consumable chunks by the leadership team.

Holly Raiche:Well done

Fabricio Vayra:Well done, Chuck.
