Michelle DeSmyter:yes

Maxim Alzoba (FAITID):is adobe audio connected to the bridge?

Michelle DeSmyter:yes

Annebeth Lange, ccNSO:Hello everyone

Heather Forrest:Hi all, I am having trouble with my phone. Will join the bridge shortly.

Carlos Raúl Gutiérrez:here we are

Ron Sherwood:Hello everyone

Maxim Alzoba (FAITID):adobe audio test positive

Carlos Raúl Gutiérrez:Lars

Heather Forrest:Go ahead Lars, I have audio and will join the bridge ASAP

Lars Hoffmann:sounds good. let's start at 2min past the hour.

Sonigitu Ekpe:Greetings from Nigeria.

Carlos Raúl Gutiérrez:I can hear

Michelle DeSmyter:one moemtn

Carlos Raúl Gutiérrez:loud and clear

Maxim Alzoba (FAITID):bridge disconnection?

Cheryl Langdon-Orr (CLO):I am only in AC until I get my dial out int audio

Sonigitu Ekpe:Very clear sounds.

Heather Forrest:I woke up this morning and discovered my phone had died - seems my problem has spread to others!

Cheryl Langdon-Orr (CLO):Ahhh your to blam Hether :-)

Carlos Raúl Gutiérrez:RIP

Heather Forrest:Super bizarre. If I go silent mid-sentence, you know why

Panagiotis Papaspiliopoulos:yes, thank you Annebeth

Panagiotis Papaspiliopoulos:hi everyone

Panagiotis Papaspiliopoulos:Lars, I've sent it on April 7th

Carlos Raúl Gutiérrez:February 10th

Carlos Raúl Gutiérrez:from Greece

Sonigitu Ekpe:Yes, I have the documents.

Laura Hutchison:I'm pretty sure I read that on the list
Maxim Alzoba (FAITID):adobe audio works ok
Carlos Raúl Gutiérrez:it is from February 10th, so its probaly
waht Heather just explained
Carlos Raúl Gutiérrez:on the questionnaire
Panagiotis Papaspiliopoulos:Just to explain: On february 10th I
sent Greece response to the survery and on April 7th I sent my
comments on the strawman
Heather Forrest:Thank you for clarifying, Panagiotis, and
Annebeth, for your good memory.
Annebeth Lange, ccNSO 2:Lars, I sent you the mail from Panos
now
Carlos Raúl Gutiérrez:Thank you Panagiotis. I have only your
Feb. 10th comments. I missed the second one. But will check for
it.
Laura Hutchison:ok i have hit and miss mic issues. I'll try and
call in rather than using m y computer
Susan Payne:I didn't receive it either so could you please
recirculate in due course
Lars Hoffmann:hi susan - yes. i will circulate a collated
document asap.
Heather Forrest:I share Susan's concerns
Griffin Barnett:+1
Cheryl Langdon-Orr (CLO):yes we need to address that
Cheryl Langdon-Orr (CLO):Yes
Carlos Raúl Gutiérrez:echo
Heather Forrest:Hi Annebeth - sorry, what I meant was that the
GAC as a whole isn't a member of the CWG
Carlos Raúl Gutiérrez:turn on off
Heather Forrest:We have GAC members who are members of the CWG
but they don't speak on behalf of the GAC as a whole
Maxim Alzoba (FAITID):loudspeakers ...
jaap akkerhuis:Mute the speaker
jaap akkerhuis:this is inaudible
Heather Forrest:For absolute clarity, I meant in my comment
that we should be seeking input from the ICANN community at large
- all SOs and ACs should be invited to comment
Maxim Alzoba (FAITID):Skype+adobe?
Panagiotis Papaspiliopoulos:However, Annebeth is right; there
is a significant number of countries where there is a direct link
of the government/regulator with the ccTLD Manager and there is
where I agree with Annebeth's comments - although I don't speak
on behalf of the GAC as a whole
Carlos Raúl Gutiérrez:then we have to make an offical survey...
Carlos Raúl Gutiérrez:like ont hte 2nd level delegaition of the
2 letter codes

Heather Forrest:+1 Carlos - that clarification would be very helpful when we receive comments on the strawwoman
Annebeth Lange, ccNSO 2:I agree
Panagiotis Papaspiliopoulos:I agree
Ron Sherwood:+1
Cheryl Langdon-Orr (CLO):yup
Heather Forrest:Very helpful if Jaap is willing to give comments not only on recommendation but on the history/background
Cheryl Langdon-Orr (CLO):indeed it would HEATHER
Annebeth Lange, ccNSO 2:Agree
jaap akkerhuis:Yes, comments are more on the background
Carlos Raúl Gutiérrez:i'm ok Lars
Susan Payne:how would you prefer to receive commenst - mark up in document or separate email?
Carlos Raúl Gutiérrez:please @Susan lets try to do it in a google doc
Panagiotis Papaspiliopoulos:thanks Carlos for the confirmation
Panagiotis Papaspiliopoulos:...of receiving my email
Carlos Raúl Gutiérrez:@Panos ok
Panagiotis Papaspiliopoulos: :)
Heather Forrest:Thank you, Lars!
Ron Sherwood:Thank you all Bye for now
Susan Payne:thanks
Panagiotis Papaspiliopoulos:thnak you - bye!
