GETTING TO KNOW THE NOMINATING COMMITTEE

What does the Nominating Committee do?

The Nominating Committee (NomCom) is responsible for appointing a number of seats to the ICANN Board of Directors, the Public Technical Identifiers (PTI) Board, the At-Large Advisory Committee (ALAC), and the Councils of the Country Code Names Supporting Organization (ccNSO) and the Generic Names Supporting Organization (GNSO). NomCom delegates act only on behalf of the interests of the global Internet community and within the scope of the ICANN mission and responsibilities assigned to the NomCom by the ICANN Bylaws; they do not act in furtherance of the group that appointed them to the NomCom.

How does the Nominating Committee operate?

The NomCom consists of 15 voting delegates along with a number of non-voting leaders, advisors, and delegates. Voting delegates serve one-year terms and can serve no more than two successive terms, after which two years must elapse before they are eligible to serve again.
