

Expression of Interest (SOI) Form

1) Name:	Adeel Sadiq
2) Nationality:	Pakistan
3) Country of primary residence:	Pakistan
4) Current employer(s):	Huawei
5) Current position(s):	Network Engineer
6) Are you involved in any ICANN related working groups? If yes, which ones?	Not yet, trying to catch up with the diversity of the ICANN. Just following up the At-Large activities through mailing lists.
7) Why do you want to contribute to the new 2016–2019 MEAC Strategy Working Group?	It is going to be my first WG. You have to start from somewhere. I believe this is the best place for me, especially when it involves MEAC region. Coming from a third world and political instable country like Pakistan, I want to raise my voice for the betterment of not only my region, but the global community as a whole. I have been trying to actively engage myself in different perspectives of the Internet, and now I am quite capable of raising concerns of my own and answering others'. This SWG's work is going to affect my region and I do not want anything left out especially for the academia sector, since I am a young enthusiastic youngster myself. As the saying goes, more the merrier.
8) Additional information (optional):	I have been a fellow to APNIC, IGF, NextGen to ICANN 55 and NextGen Ambassador to ICANN 56 within a year. I am learning and contributing at a faster pace than most of the other people. I am good when it comes to working with a team, with deadlines. My technical and analytical skills are quite sharp owing to my engineering background. Although it would be a more of informative and learning rather than a contributing experience for me, sowing the seeds for future. One more voice to sing.
