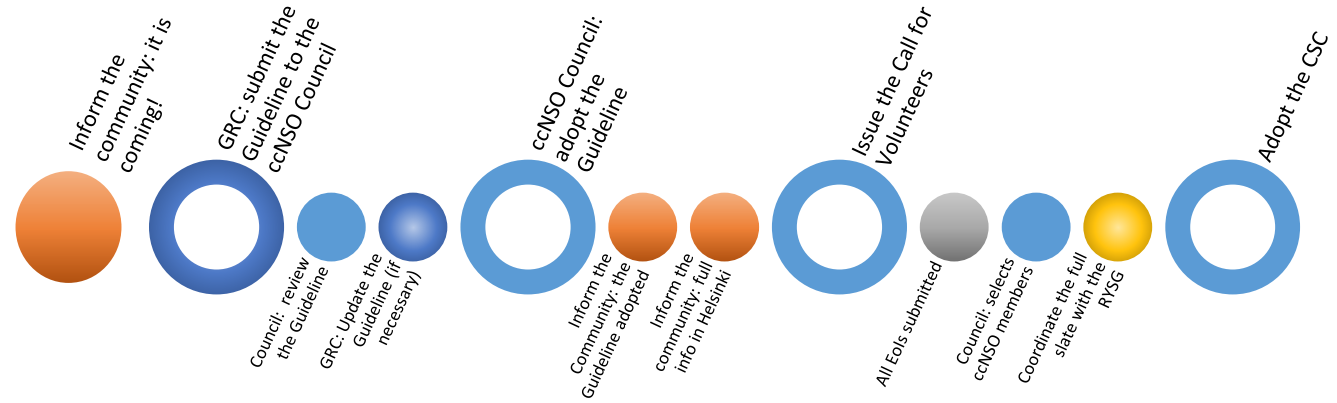
Information Sheet: Customer Standing Committee adoption

Timeline:



Guideline developed and adopted:

16 June

Call for Volunteers issued:

30 June

EoIs submitted:

15 July

ccNSO members selected

22 July

CSC (full slate) adopted:

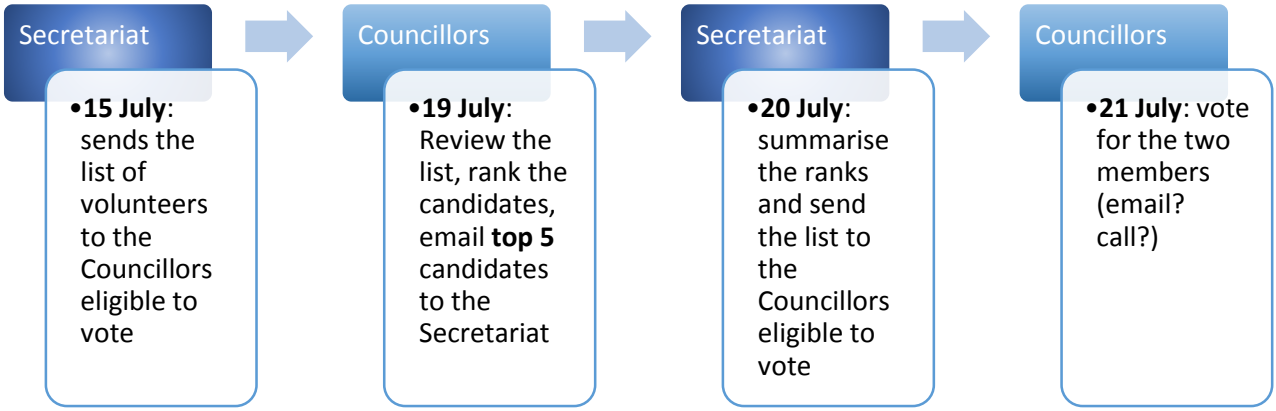
10 August

For discussion:

How the ccNSO Council will:

1) Select the ccNSO members for the CSC
2) Adopt the full slate of the CSC.

Selection of ccNSO members



The Councillors eligible to vote must take into account also the diversity of the ccTLD community:

- Geographic regions;
- Gender diversity;
- Type, experience and size of ccTLD manager.

Questions:

- How to ensure diversity? What to do if the top 2 candidates are a) from the same region, b) both are not willing to serve 3 years?
- How to vote for the final selection of 2 ccNSO members to the CSC (email or call)? How to ensure quorum in any case?

Adoption of CSC

After all the SO/ACs have submitted their candidates, the ccNSO and the GNSO Councils must agree on the final slate and adopt the full slate.

There are three ways to do that:

1) The ccNSO Council selects the final slate in consultation with the RySG (email or call) and votes on the full slate (email or call)

2) The ccNSO Council nominates a set of Councillors (e.g., 1 Councillor per region and 1 NomCom appointed Councillor) to select the final slate in consultation with the RySG and votes on the full slate (email or call)
3) The ccNSO Council nominates a set of Councillors (e.g., 1 Councillor per region and 1 NomCom appointed Councillor) to select the final slate in consultation with the RySG and to adopt the full slate.

Pro's and Con's

ccNSO Council	**Sub-Committee and ccNSO Council**	**Sub-Committee**
Every Councillor can participate in discussions	The efficient way to discuss the full slate with the RySG	The most efficient way to communicate with the RySG
Might be difficult to ensure quorum	All the Councillors can participate in the final discussion	Easier to ensure quorum
Complicates coordination with the RySG	Might be difficult to ensure quorum for the final adoption on ~10 August	The decision is carried out by 6 Councillors only
