

AC Chat - Safeguards and Trust Meeting #13_5 July 2016

Fabro Steibel: Hi all

Jonathan Zuck: Greetings!

Drew Bagley: Greetings!

Fabro Steibel: Hi all, I will reboot to see if I can make my computer mic work

Alice Jansen: Hi all - we are just waiting for a couple of additional people to join the call... Thanks for your patience

Gaongalelwe: hello colleagues

Fabro Steibel: Perfect All working

Fabro Steibel: I can hear, love the child in the back ;)

Jonathan Zuck: hear you fine

Gaongalelwe: i can hear you well too

Gaongalelwe: please zoom in on the document on the screen. can't read

David Taylor: Sorry late

Fabro Steibel: Ok

Eleeza Agopian: @Gao, you can zoom in yourself. You each have control over the document.

Gaongalelwe: i normally can, but just wasn't able to zoom in on that other one. thanks Eleeza

Jonathan Zuck: tomorrow I think Drew

Fabro Steibel: Don't apologise!

Fabro Steibel: ;)

Jonathan Zuck: pin drop

Fabro Steibel: I think we have enough on the plate, for now

Fabro Steibel: I am bad with audio

Fabro Steibel: So I will type

Fabro Steibel: I think we have sufficient tasks for now

Fabro Steibel: My expertise is more related to other areas, not so much on the technical safeguards part

Fabro Steibel: From what we did literature review, from what we discussed F2F and call,s I think we are good

Fabro Steibel: I reviewed carefully the table and the reading, and my only concern is that all the information we make public can be verified independently by third sources. So all Yes/no we have includes a link or a report

Fabro Steibel: Done ;)

Jonathan Zuck: final deadline for research requests is Monday after next, fyi

Fabro Steibel: ok

Fabro Steibel: yes from me

Jonathan Zuck: deadline is 18th, not 11th I think as discussed in Helsinki

Gaongalelwe: yes thanks

Jonathan Zuck: rained all day

Gaongalelwe: rained where?

Gaongalelwe: could you please send us some rain too... we have no water in the city

Eleeza Agopian: We're lacking in California, too...

Jonathan Zuck: True Eleeza and i hear there's no rain either

Fabro Steibel: Not tired to hear the voice

Karen Lentz 2: Do we have a list of all existing research requests?

Gaongalelwe: We are not too tired, keep going Drew!

Jonathan Zuck: good question Karen. I'll try to bring that together on the call tomorrow I guess

Gaongalelwe: you are doing great btw

Karen Lentz 2: ok great

Fabro Steibel: Fantastic week.

Fabro Steibel: I will email my group today

David Taylor: Bye everyone. Next week is French 4th July on 14 July by the way :-)
