Pamela Smith: Hello, everyone, and welcome to the Competition and Consumer Choice Sub Team Meeting #17 on 24 August 2016 at 13: 00 UTC!

Pamela Smith: Hello, Waudu. I enabled a mic for you.

Waudu: Thanks Pamela

Waudu: Seem to have lost audio

Waudu: Ok its back

Waudu: Dejan's audio is very faint

Waudu: Ok I will

Dejan Djukic: I can

Dejan Djukic: i can

Dejan Djukic: :)

Eleeza Agopian: <https://observatory.domains/>

Waudu: Let me do that

Waudu: Yes, support a talk on price caps

Kaili Kan: My fundamental problem is that we have not been able to define the market so far. Thus, given there are new gTLDs, market concentration will go down for sure. However, how to relate that to competition and to effect on price is still not clear to me.

Brian Aitchison: Safe travels everyone!

Kaili Kan: See you in Vienna. Bye!

Pamela Smith: Thanks for joining, everyone!
