1. What does "/" mean in Recommendation 2? OR or AND? ("...data fields should be stored and displayed in a way that allows for easy identification of what ... language(s)/script(s) have been used by the registered name holder.")

Option 1: OR
Language OR script must be identified

Option 2: AND
Language AND script must be identified

2. How are scripts to be identified?

Option 1: Unicode script property (automated detection)

Option 2: RFC 5646 subtag

Option 3 (combines options 1 and 2): Unicode script property (automated detection) = optional provision for entities who wish to populate script data for RFC 5646 subtag

3. How are languages to be identified?

Option 1: RFC 5646 subtag

Option 2: Language inference left to discretion of transforming party

Method of language identification should be subject to additional policy discussion

T/T Recommendations give IRT sufficient mandate to implement this option (note IRD Recommendations)

T/T Decision Tree

(ALL DECISION POINTS PRELIMINARY PENDING FURTHER IRT INPUT AND FINAL AGREEMENT)

Green = support indicated by IRT
Red = support not indicated by IRT
Yellow = remaining for discussion with IRT

Different versions of unicode need to be specified
Is a subtag an override or complement to unicode script detection?
A registry cannot alter what script information is sent to them by a registrar
Private subtags should not be allowed

a) Method of inference left to discretion of registrar or registry (w/ guidelines in implementation notes)

b) Method of inference should be subject to additional policy discussion?

Option 1: Inferred by registrar or registry

Option 2: Provided by registrant

Option 1: Inferred by registrar or registry?

Option 2: Provided by registrant?

Method of language identification should be subject to additional policy discussion

T/T Recommendations give IRT sufficient mandate to implement this option (note IRD Recommendations)

a) Method of inference left to discretion of registrar or registry?

b) Method of inference should be subject to additional policy discussion?
