More intensive set of abuse compared to other registries. Check note for link to full set of abuses. Includes all aforementioned abuse restrictions, but Interesting note of Abuse: "Holding of Rightside (including its affiliates) or their employees or shareholders up to public scorn, ridicule, or defamation."

No jurisdiction requirements or limitations

In compliance with the Safe Harbor Principles, Rightside Operating Co. commits to resolve complaints about your privacy and our collection or use of your personal information. In the first instance, European Union citizens with inquiries or complaints regarding this privacy policy should contact: legalnotice@rightside.co. Should you or any third party discover a user, registrant or registrar violating this Acceptable Use Policy, you are encouraged to immediately notify our Abuse Coordinator, Alan Woods, who may be reached at registryabuse@rightside.co

"Abusive use of a domain is described as an illegal, disruptive, malicious, or fraudulent action"

Anyone can register Donuts domain names. No restrictions.

"Donuts provides an abuse point of contact through an e-mail address posted on the Donuts website found at www.donuts.co. Donuts also provides a web form for complaints on the Donuts website." "Donuts may in its sole discretion bar a Vexatious Complainant from future filing under this Policy"

"Each applicant must meet the qualifications specified by ICANN requirements and detailed in the TMCH Guidelines, as they may change from time to time."

".Club Domains reserves the right, at its sole discretion and at any time and without limitation, to deny, suspend, cancel, redirect, or transfer any registration or transaction, or place any domain name(s) on registry lock, hold, or similar status"

Registry Operator shall comply with the PICDRP. Registry Operator agrees to implement and adhere to any remedies ICANN imposes. b. Registry Operator will periodically conduct a technical analysis to assess whether domains in the TLD are being used to perpetrate security threats.

"We regularly review our compliance with our Privacy Policy. When we receive formal written complaints, we will contact the person who made the complaint to follow up."

Registry Operator shall comply with the PICDRP. Registry Operator agrees to implement and adhere to any remedies ICANN imposes. b. Registry Operator will periodically conduct a technical analysis to assess whether domains in the TLD are being used to perpetrate security threats.

"Radix shall have the discretion to undertake such actions as cancellation transfer, locking, or suspension of a Registered Name subject to abusive uses. . Radix also reserves the right to deny new registrations and/or suspend existing registrations of names to a Registered Name Holder who has repeatedly violated the terms of this AUP in any TLD, or has been identified as a known abuser or criminal by any law enforcement agency"

NO

"Every domain name must comply with these policies during registration and throughout its tenure." Mitigating mechanism in place, include: Profiling & Blacklisting, proactive quality review, industry collaborating and information sharing.

Registry Operator shall comply with the PICDRP. Registry Operator agrees to implement and adhere to any remedies ICANN imposes. b. Registry Operator will periodically conduct a technical analysis to assess whether domains in the TLD are being used to perpetrate security threats.

We reserve the right for the Registry Operator, at our sole discretion and without notice to any other party, to take the appropriate actions (whether administrative, operational or otherwise) based on the type of abuse.

We take our goal of tackling abuse extremely seriously and we will always endeavour to take prompt action as set out in this Acceptable Use Policy to deal with abuse or alleged abuse when we believe that there is reasonable justification for the complaint.

However, we are not an adjudicator of any dispute between parties and cannot and do not accept any responsibility for any loss or damage you or anyone else may suffer as a result of any action or omission by us or by anyone else under this Acceptable Use Policy.

Registry Operator shall comply with the PICDRP. Registry Operator agrees to implement and adhere to any remedies ICANN imposes. b. Registry Operator will periodically conduct a technical analysis to assess whether domains in the TLD are being used to perpetrate security threats.

Pursuant to the Registry-Registrar Agreement, registry operator reserves the right at its sole discretion to deny, cancel, or transfer any registration or transaction, or place any domain name(s) on registry lock, hold, or similar status, that it deems necessary: (1) to protect the integrity and stability of the registry; (2) to comply with any applicable laws, government rules or requirements, requests of law enforcement, or any dispute resolution process; (3) to avoid any liability, civil or criminal, on the part of registry operator, as well as its affiliates, subsidiaries, officers, directors, and employees; (4) per the terms of the registration agreement and this Anti-Abuse Policy, or (5) to correct mistakes made by registry operator or any registrar in connection with a domain name registration. Registry operator also reserves the right to place upon registry lock, hold, or similar status a domain name during resolution of a dispute.

Registry Operator shall comply with the PICDRP. Registry Operator agrees to implement and adhere to any remedies ICANN imposes. b. Registry Operator will periodically conduct a technical analysis to assess whether domains in the TLD are being used to perpetrate security threats.

Afilias reserves the right to deny, cancel or transfer any registration or transaction, or place any domain name(s) on registry lock, hold or similar status, that it deems necessary, in its discretion; Abusive uses, as defined above, undertaken with respect to domain names within the TLD shall give rise to the right of Afilias to take such actions under Section 3.6.5 of the RRA in its sole discretion

".REN" Rights are reserved, at any time of the abuse of domain name refused, suspended, canceled or metastasis redirected disposal. Or the domain name lock, suspension or change to another state

Registry Operator shall comply with the PICDRP. Registry Operator agrees to implement and adhere to any remedies ICANN imposes. b. Registry Operator will periodically conduct a technical analysis to assess whether domains in the TLD are being used to perpetrate security threats.
