

EoI to join the BCEC
Jordi Iparraguirre
August 2016

I'd like to present my candidature to serve in the BCEC.

Attending and following ICANN meetings since 2006, I've served as GNSO council member (2007-09), ccNSO council member appointed by the NomCom (2013-15) and EURALO board member (2013-15 and 15-17).

I was member of the 2014 BCEC and due to my current and past jobs (amongst other .cat registry director from 2006 to 2013) I have experience reviewing CVs and selecting people in the Tech and Internet industries. I would like to offer my experience to help in this selection process.

Sincerely,
