

## BMSPC 2016 Oksana Prykhodko Expression of Interest

It was great experience for me to participate in BMSPC in 2013-2014. The transparency and understandability of any election procedure is key tool for accountability. I highly appreciate efforts of Tijani Benjamin's team to clear any potential doubts on this procedure in the past.

It really helped me to understand a lot of gaps in my country's and my RALO's election procedures. I will do my best to help At-Large to avoid any double-readings in future the Board Member Selection Process.
