

Cover letter

From: Sayed Mansoor

To:

Position:

Vacancy #:

To Whom It May Concern:

With the reference to the notice regarding the vacant position of **(write announced post)** in your dignified Organization, based my experience and my good knowledge, which I have learned during my study in University and Before University in the field of **IT (Hardware, Software)** I beg to offer myself as a well-Matched Candidate and draw your kind consideration about my qualifications.

Highly self motivated, hard working, and out of box thinking individual with strong passion towards Computer & Network Security. As a security enthusiast I have 4+ years of experience in application security and network & system security. My area interest includes web applications, network & system security.

I have done my bachelor in computer science & some professional training courses such as **CCNA/CCNP Security, CEH (Certified Ethical Hacker), RHCSA/RHCE Linux System Administration, MCSE 2012/MCITP**, and having Professional Experience in **Network and System**, worked as **Network Administrator** at **Wadan Organization** for one year and as a **System Engineer** at **SWYJ integral International charter Account** Kabul.

According to my studies in my specification field and experiences I have seen myself as the well-matched candidate for the announced post. I hope my application will be received your favorable consideration and will be selected for interview.

Sincerely yours,

Sayed Mansoor
