The Director of human resources,

ICANN

Dar es Salaam,

Dear Sir/Madam,

REF: APPLICATION FOR JOB VACANCY AS SECOND SECURITY STABILITY AND RESILIENCY OF DNS REVIEW TEAM

I am writing with reference to open opportunities as per advertisement on zoom Tanzania and I wish to offer my candidacy.

My relevant qualifications include a degree of Science in Computer and Information Security. Also of note is my work in Computer Networking, first, along with my mentor Aminiel T Urrio who is Computer technologist at Data Computing Center at Sokoine University of Agriculture: we designing small Network (Intra-net) that was only accessible by SUA staff only. In this role I was responsible for configuration wall-plate, inserting RJ45 to Ethernet cable, connecting point to point devices such as computer, router and switches not only by also I was responsible for configuring DNS And Dhcp specifically to open source (UBUNTU 15, LUNUX ,CENTOS and many others. Also I was responsible for configuring different devices to share resources remotely from the server like printing, files, disk spaces and data recovering using different software. Also I had an opportunity to attend short courses of Cyber Security and Network management and Monitoring under Microsoft innovation center during this time I was responsible to install and configure Microsoft threat modeling tool for identify threat and report generation by testing the Udom network also on notes of that I was installing and configure Nagios and cactus these are tool that used to track the usage of bandwidth and monitor the entire network.

I am highly motivated person with a good analytical and Communication skill, disciplined and hardworking with a demonstrated ability to balance the Competing demands of multiple projects.

With my prior knowledge and proven track record, this makes me an excellent candidate for this opportunity. I can be reached for an interview at your convenience.

Sincerely,

Nestory m Atanas
