[PR-D49-R05]	The GAC reaffirms its advice from the Toronto, Beijing, Durban, Buenos Aires, Singapore and London Communiqués regarding protection of IGO names and acronyms at the top and second levels, as implementation of such protection is in the public interest given that IGOs, as created by governments under international law, are objectively different right holders. (Page 6)	Relevance to RDS?	??	??	??
[PR-D49-R06]	Concerning preventative protection at the second level, notice of a match to an IGO name or acronym to prospective registrants, as well as to the concerned IGO, should apply in perpetuity for the concerned name and acronym in two languages, and at no cost to IGOs. [PR-D49-R07]	Concerning curative protection at the second level, and noting the ongoing GNSO PDP on access to curative Rights Protection Mechanisms, any such mechanism should be at no or nominal cost to IGOs. (Page 6)	Relevance to RDS?	??	??	??
