Motion to Approve Bylaws DT Implementation Plan

RESOLVED:

- The GNSO Council approves the consensus recommendations in DT's report as submitted.
- The GNSO Council directs ICANN staff to draft proposed language for any necessary modifications or additions to the GNSO Operating Procedures and, if applicable, those parts of the ICANN Bylaws pertaining to the GNSO, for the Council's consideration by no later than [the end of February 2017].
- The GNSO Council directs ICANN staff to post all recommended modifications to or proposed new procedures or structures for public comment prior to the Council's consideration of the proposals. As resolved previously, the GNSO Council intends to adopt new, or proposed modifications to existing procedures and structures to implement the revised Bylaws for the GNSO by a GNSO supermajority vote.

RESOLVED, Cont.:

- In drafting the proposed language, ICANN staff may wish to consult the DT as needed. The GNSO Council therefore requests that members of the DT make themselves available for consultation by ICANN staff for this purpose.
- The GNSO Council thanks the DT for its hard work on the report, especially in view of the nature of the limited time frame available to the DT.
