Julie Hedlund:Gee Jeff, was it something you said ;-)  
Jeff Neuman:probably  
Steve Chan:@Karen, when that's happened to me, I cancel the request and try again. It's resolved for me in the past.  
Greg Shatan:This is running on a massively parallel network of Samsung Note 7s and Blackberries, powered by a Yugo.  
Terri Agnew:Please rejoin, we are connected back  
Isabel Rutherford:Karen is coming in and out for me  
Crescent Ezekwu:Same here  
Mary Wong:Seems to be a problem with AC audio only.  
Terri Agnew:@Isabel, can you join on the telephone? Please let me know if directions are needed how the AC can dial out to you  
Mary Wong:I'm getting crossed lines again with a different conversation - sounds like an online training module.  
Isabel Rutherford:Thanks, I am dialed in now and hear fine  
avri doria:but at least i could hear that clearly. everything else was breaking up here in s=South Africa.  
Terri Agnew:Apologies everyone for the technical difficulties today. We are looking into the cause  
Terri Agnew:@Mary, I have reported this as well  
Kevin M Kreuser (Go Daddy):I'm not getting consistent sound. Dropping off.  
Emily Barabas:yes  
Cheryl Langdon-Orr (CLO):fair way forward Jeff  
Steve Chan:Here are the grounds for LPI in section 3.5.3 of the AGB:  
Steve Chan:• Incitement to or promotion of violent lawless action;  
Steve Chan:• Incitement to or promotion of discrimination based upon race, color, gender, ethnicity, religion or national origin, or other similar types of discrimination that violate generally accepted legal norms recognized under principles of international law;  
Julie Hedlund:Greg Shatan has his hand up.  
Steve Chan:• Incitement to or promotion of child pornography or other sexual abuse of children; or  
Steve Chan:• A determination that an applied-for gTLD string would be contrary to specific principles of international law as reflected in relevant international instruments of law.  
Cheryl Langdon-Orr (CLO):human nature it seem Greg  
Jeff Neuman:got disconnected again  
Terri Agnew:dropped, connecting again  
Greg Shatan:I am pressing 1 dammit!  
Julie Hedlund:Yep, dropped again -- back.  
Terri Agnew:rejoined  
Cheryl Langdon-Orr (CLO):dropped agin retrying  
Greg Shatan:Back

Cheryl Langdon-Orr (CLO):back \*\*SIGH\*\*

Steve Chan:The call seems to drop every time Jeff speaks :)

Karen Day:+1 Steve :)

Jeff Neuman:I thikn the problem was the vague reference to "International Law" that was the problem

Cheryl Langdon-Orr (CLO):worth discussing KKaren

Jeff Neuman:A determination that an applied-for gTLD string would be contrary to specific principles of international law as reflected in relevant international instruments of law.

Steve Chan:AGB Module 3: [https://urldefense.proofpoint.com/v2/url?u=https-3A\\_newgtlds.icann.org\\_en\\_applicants\\_agb\\_objection-2Dprocedures-2D04jun12-2Den.pdf&d=DQIFaQ&c=FmY1u3PJp6wrcrwlI3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmKXhFzL7ar9Qfqa0Algn-H4xR2EBk&m=0ZM6WrRvcYCB7X14vFgPfbBrBf1zSZKk\\_uYZKRLTn5ek&s=xMMXRpYFg1DHVoTV71adniNqsiVo8IK-CAd8tzt9lh8&e=](https://urldefense.proofpoint.com/v2/url?u=https-3A_newgtlds.icann.org_en_applicants_agb_objection-2Dprocedures-2D04jun12-2Den.pdf&d=DQIFaQ&c=FmY1u3PJp6wrcrwlI3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmKXhFzL7ar9Qfqa0Algn-H4xR2EBk&m=0ZM6WrRvcYCB7X14vFgPfbBrBf1zSZKk_uYZKRLTn5ek&s=xMMXRpYFg1DHVoTV71adniNqsiVo8IK-CAd8tzt9lh8&e=)

Jeff Neuman:In the objection to dot health, they did reference a vague notion of a violation of International law....but obviously it was too far fetched and they lost

Cheryl Langdon-Orr (CLO):Perhaps a better checklist is essential to o with an objection?

Cheryl Langdon-Orr (CLO):go

Mary Wong:I believe that list of treaties was added as a result of the work of the Rec 6 Working Group on this objection proces, and I think it may be a non-exhaustive list.

Cheryl Langdon-Orr (CLO):-)

Kurt Pritz:Looking down this list, I see only one where the objector prevailed: (ie., kept the string out) .hospital. Is that correct?

Jeff Neuman:@kurt - yes

Cheryl Langdon-Orr (CLO):I believe we could still work with a nn exhaustive list though

Jeff Neuman:If I remember correctly, the objection costs around \$250,000

Cheryl Langdon-Orr (CLO):None exahstive list

Kurt Pritz:I am tempted to say we should consider not having this type of objection, but there are valid, but remote, reasons for having it.

Cheryl Langdon-Orr (CLO):recognise that an 'other' choice from such a list has greater risk/ scrutiny

Mary Wong:There's a difference between the principle/basis for filing an objection and what is actually required to be proven in every case.

Isabel Rutherford:I think it makes sense to put together as there seem to be overlapping issues

Cheryl Langdon-Orr (CLO):I prefer as a Unique entity for the IO

Jeff Neuman:Should address after we do commnity

Jeff Neuman:right

Isabel Rutherford:I don't mind discussing separately, there just may be some overlap

Mary Wong:For instance, it's not possible to really state, exhaustively, what the applicable principles of public international law are. However, it MAY be possible to specify that an objector must state the actual principle (treaty, customary law, cases) that they are invoking with some specificity and documentation.

Jeff Neuman:We should take thenotes from today and apply it towards the IO discussion

Steve Chan:I believe IO was limited to filing on only two grounds - may make sense to consider community first, as Jeff suggested.

Terri Agnew:The next call for the New gTLD Subsequent Procedures Sub Team – Track 3 – String Contention, Objections & Disputes will take place on Tuesday, 25 October 2016 at 03:00 UTC.

Cheryl Langdon-Orr (CLO):Tough call with the Tech issues but we hve progressed THANKS Karen and all... Talk agin soon... Bye for now

Jeff Neuman:Thanks Karen!!!

Terri Agnew: Thank you everyone for your patience today  
Julie Hedlund: Thanks all for hanging in there!
