Karen Day:Can barely hear Avri.

Christa Taylor:Same here!

Steve Chan:Closer to 4 hrs

Emily Barabas:For those who will be attending the meeting, there will be lunch just before the session served in the room

Jon Nevett:Which day and time again?

Susan Payne:thursday 3rd. about 13.45 from recollection

Steve Chan:Right Susan, Thursday, November 3 - 13:45 - 18:30

Jon Nevett:Thanks Steve -- could we get a calendar invite?

Christa Taylor:In case it helps,

https://urldefense.proofpoint.com/v2/url?u=https-3A_icann572016.sched.org_event_8cxk_gnso-2Dnew-2Dgtld-2Dsubsequent-2Dprocedures-2Ddpd-2Dworking-2Dgroup-2Dface-2Dto-2Dface-2Dmeeting&d=DQIFaQ&c=FmY1u3PJp6wrcrw113mSVzgfkbPSS6sJms7xcl4I5cM&r=8_WhWIPqsLT6TmF1Zmyci866vcPSF04VShFqESGe_5iHWG1BLwwehFBfjrsjWv9&m=0vCnAQQ90j_osI9kzh1aP7k24XW4BcgmV0akzvV0oFo&s=Iqz1VChqLvi2rguAvXQ4aTt3fCkZsQBKR0jfcNuZiUg&e=

Kurt Pritz:I believe the opening discussion, status and introductions should be very short. The meeting should be a working meeting and not bringing non-participants up to date. We can distribute materials beforehand so people can come up to speed.

Steve Chan:Thanks Christa. @Jon, we don't send calendar invites for the f2f sessions. I would recommend utilizing Sched to help manage your schedule at ICANN57.

Jeff Neuman:@Kurt - That's the plan

Jon Nevett:ok

Rubens Kuhl:I support the idea, Avri.

Karen Day:Think that would be good

Jeff Neuman:Yes, but we should keep it short

Christa Taylor:Also think it would be beneficial

Kurt Pritz:Five minutes

Christa Taylor:I am here but not on voice

Christa Taylor:Once we have the meeting we should be able to direct the conversation to the concerns

Kurt Pritz:On question 2: should we include registrants or users?

Sara Bockey:Question 2 should read: From RSP Accreditation to Third-Party Certifier - What is the most effective method to meet the needs of RSP, Registry and Registrar?

Kurt Pritz:A stable, resilient internet? Lower registration costs?

Christa Taylor:Perhaps insight into this will come out of the question

Donna Austin, Neustar:I think it should also include applicants as this is one of the problems we're trying to solve.

Jeff Neuman:@Kurt - I am not sure that either of those will be directly related to registrants, but yes to applicants

Christa Taylor:I definately think applicants should be included

Jeff Neuman:We can hear you Michael

Phil Buckingham:Avri . I have no dial out. . Michael - we can hear you .

Phil Buckingham:Q - do we need more reserved names re the IANA transition

Rubens Kuhl:Like PTI ?

Annebeth Lange:Question 2, WT2: Since it is differences between RNWG and what was the result in the AGB - especially for geographical names - there is a need to see those two documents in connection

Phil Buckingham:Exactly , Rubens

Rubens Kuhl:I think only the ICANN community thinks of PTI as the org managing IANA functions... ;-)

Jeff Neuman:Annabeth, yes that is one of the differences....also have IGOs. Red Cross, IOC, etc.

Jeff Neuman:We also have 2 characters, single character IDNs, etc.

Cheryl Langdon-Orr (CLO):indeed Jeff

Annebeth Lange:I agree completely with Susan on that.

Phil Buckingham:Q re COI / LOC - we would appreciate feedback from applicant's experiences/ problems

Annebeth Lange:On the discussion on 2-letters on first level, that was the only thing we so far has agreed on in the cross-community WG on country & territory names

Phil Buckingham:a wish !

Jeff Neuman:@annabeth - We do not yet have a report from the CCWG on country and territory names. Is one going to be

forthcoming?

Annebeth Lange:Yes, we plan to give you a report in Hyderabad

Susan Payne:would it be possible to get a copy of the proposed questions in advance of the meeting - or could you point me to where they are posted please. Some of us may want to gather input from colleagues who may not be there

Susan Payne:sorry - was a general comment not specifically WTF

Susan Payne:WT3

Susan Payne:Thanks!

Annebeth Lange:We still have discussion on this, and Bart is summing up the last discussions to be presented in Hyderabad. As you know, you have two co-chairs from GNSO, who can give you details.

Steve Chan:@Jeff, the CWG-UCTN is aiming to wrap up an Interim Report (aka Initial Report) around the end of this year.

Steve Chan:A progress report of sorts is being prepared for ICANN57 discussions.

Robin Gross:Thanks, Avri. Happy to join the team! :-)

Annebeth Lange:Heather and Carlos

Annebeth Lange:I will try to be at the meeting in Hyderabad on Thursday, arriving in the morning

Annebeth Lange:I have to leave, see you in Hyderabad

avri doria:thanks

Jeff Neuman:@Rubens : For #1, do we mean the evaluation process as opposed to application process?

Kurt Pritz:If you are going to ask an open-ended question such as #1: you should create some rules about participating in order to manage the discussion, i.e., present you idea and why the change should be made - we will compile all the suggestions for discussion by the group.

Christa Taylor:+1 to Kurt's point

Phil Buckingham:Absolutely Donna .

Jeff Neuman:Good point @kurt

Jeff Neuman:yes

Jeff Neuman:@Avri - Yes

Phil Buckingham:Donna, think categories is key , high priority - everything flow from this ?

Steve Chan:Staff can maintain a parking lot"

Cheryl Langdon-Orr (CLO):good idea

Jeff Neuman:Thanks!

Cheryl Langdon-Orr (CLO):Great safe travels all see some of you soon Bye for now

Christa Taylor:Thanks!

Kiran Malancharuvil:Thank you

Alexander Schubert:bye

Robin Gross:Thanks, bye!

Kavouss Arasteh:Is there any restriction to attend your meeting
in Hyderabad

Phil Buckingham:thanks
